

"Restoration in the Boreal Forest"

Society for Ecological Restoration (SER-BC) AGM

Welcome!

The BC Chapter of the Society for Ecological Restoration (SER-BC) and the Continuing Studies Department at the University of Northern BC (UNBC) have teamed up to host this important regional conference on ecological restoration. Themes to be covered at this conference include, but are not limited to, the following:

- " Boreal forest restoration
- " Ungulate population/habitat restoration
- " Pine beetle impact restoration
- " Aquatic restoration

While showcasing the local activities, this event also welcomes papers and posters from neighbouring areas, and on subjects of global interest to restoration work, such as climate change, invasive plants, and the use of traditional knowledge.

Conference participants will have the opportunity to further their knowledge about ecological restoration through 3 days of presentations, a poster session, and field trips, as well as through informal networking. A banquet and dance will also be offered. Time will be allotted for the short Annual General Meeting of SER-BC.

Please find the enclosed registration package and agenda. Register early as space is limited and registrations will be accepted on a first come first serve basis.

Updated agendas and registration packages can be download from <http://www.unbc.ca/continuingstudies/events/serbc.html>.
