 MASTER'S SCHOLARSHIP IN ENVIRONMENTAL HISTORY
 2010-2011

DESCRIPTION

A scholarship for a research project on the environmental history of rivers in Quebec, agriculture and city-country relationships on the Island of Montreal, or sanitary issues related to environmental changes. The scholarship will be for a duration of 12 months, and begin on September 1st, 2010. The value of the scholarship is \$10 000 for graduate studies at the master's level in Québec studies at the UQTR. The candidate can combine this scholarship with an award from any granting agency.

REQUIREMENTS

1. Candidates must hold a bachelor degree.
2. Candidates will present a research proposal in the field of the environmental history of Québec, laying out (1) the research questions; (2) the objectives; (3) the sources; (4) the methodology; and (5) an indicative bibliography.
3. Please submit one copy of the research proposal and of your curriculum vitae to Prof. Stéphane Castonguay, Canada Research Chair in the Environmental History of Québec. For more information on the objectives of the Canada Research Chair or on the scholarship, please write to Prof. Castonguay.

Please submit your proposal before the **1st of December 2009** to :

Stéphane Castonguay
 Centre interuniversitaire d'études québécoises
 Université du Québec à Trois-Rivières
 Case Postale 500
 Trois-Rivières (Québec) G9A 5H7
 e-mail: stephane.castonguay@uqtr.ca

The application deadline is December 1st, 2009. The scientific committee of the Centre interuniversitaire d'études québécoises will examine the proposals. Results will be announced in May 2010. The successful candidates will register in the graduate program in Études québécoises at UQTR for the 2010-2011 academic year.

The Canada Research Chair in the Environmental History of Québec undertakes research projects that analyze changes in Québec society and in its biogeophysical environment, as well as chart the nineteenth- and twentieth-century interactions between the two. In particular, research projects address two aspects of these interactions: land use and the exploitation of natural resources.

Further, research projects examine three facets of these issues: (1) the circulation of materials and exchanges between the city and its hinterlands; (2) the sensible and sanitary relationships of the body to the environment; and, (3) the dynamics of the environments in which people live (*milieu de vie*).

DOCTORAL SCHOLARSHIP IN ENVIRONMENTAL HISTORY
2010-2011

DESCRIPTION

A scholarship for a Ph. D. research project on the environmental history of rivers in Quebec, agriculture and city-country relationships on the Island of Montreal, or sanitary issues related to environmental changes. The scholarship will be for a duration of 12 months, and begin on September 1st, 2010. The value of the scholarship is \$15 000 for graduate studies at the doctoral level in Québec studies at the UQTR. The candidate can combine this scholarship with an award from any granting agency.

REQUIREMENTS

1. Candidates must hold a master degree.
2. Candidates will present a research proposal in the field of the environmental history of Québec, laying out (1) the research questions; (2) the objectives; (3) the sources; (4) the methodology; and (5) an indicative bibliography.
3. Please submit one copy of the research proposal and of your curriculum vitae to Prof. Stéphane Castonguay, Canada Research Chair in the Environmental History of Québec. For more information on the objectives of the Canada Research Chair or on the scholarship, please write to Prof. Castonguay.

POSTDOCTORAL FELLOWSHIP IN ENVIRONMENTAL HISTORY
2010-2011

DESCRIPTION

A fellowship for a postdoctoral research project on the environmental history of rivers in Quebec, agriculture and city-country relationships on the Island of Montreal, or sanitary issues related to environmental changes. The value of the fellowship is \$25 000 for postdoctoral research in Québec studies at the UQTR. The candidate can combine this fellowship with an award from any granting agency.

REQUIREMENTS

1. Candidates must hold a Ph. D. degree.
2. Candidates will present a research proposal in the field of the environmental history of Québec, laying out (1) the research questions; (2) the objectives; (3) the sources; (4) the methodology; and (5) an indicative bibliography.
3. Please submit one copy of the research proposal and of your curriculum vitae to Prof. Stéphane Castonguay, Canada Research Chair in the Environmental History of Québec. For more information on the objectives of the Canada Research Chair or on the scholarship, please write to Prof. Castonguay.
