

## Public Presentation – Terrace Campus

March 16<sup>th</sup>, 2016 12:00 pm – 1:00 pm

This session will also be available via livestream: <http://www.livestream.com/unbcnorthwest>

# “A look at the history and science of the alcoholic beverage”

Presenter: Dr. John Krisinger  
Northwest Community College

The presentation will cover the historical development of the alcoholic beverage from ancient times to the modern process of wine making, beer brewing, and distillation of spirits. The alcoholic beverage is examined as a cultural, nutritional and even religious item in human civilization.

Human metabolism, its genetic variations and some problematic aspects of alcohol in society will be presented.
