

Biochemistry and Molecular Biology Honours Degree Application

Eligibility

1. To be eligible to apply to the BCMB Honours Degree, students must have a cumulative GPA - over all institutions - of 3.33. This must be maintained in each semester.
2. Applicants must have completed 60 credit hours of study.

Please note: Acceptance into the BCMB Honours Degree is contingent on finding a research supervisor for the BCMB 430 (Undergraduate Thesis) course. The BCMB program cannot guarantee that a supervisor will be available for all interested students, so students are encouraged to apply early to potential supervisors.

Application

1. Honours Degree Application form
2. Declaration of Major form
