1. Chair's Remarks

NOTE: Th

The Board of Governors Agenda for the Public Session consists of a consent agenda and a regular agenda. The consent agenda contains items that are routine and non-controversial, and discussion is not necessary. The consent agenda is moved and approved as a group. The Chair will inquire whether there are any items that need to be removed from the consent agenda and if so, these items will be placed on the regular agenda. The Chair will ask for approval of the items or motions on the consent agenda as follows:

Motion:

That the motions on the consent agenda, except for those removed for placement on the regular agenda, be approved as presented.

2. Approval of Agenda – page 4

Regular

That, the Agenda for the Public Session of the September 20, 2014 meeting of the Board of Governors be approved, as presented.

Employee Name	Total Remuneration	Total Expenses
Total remuneration > \$75,000	25,253,615.40	1,694,379.06
Total remuneration < \$75,000	28,046,956.83	1,173,061.54
Total remuneration	53,300,572.23	2,867,440.60

Total remuneration does not equal salaries and benefits in the financial statements as it does not include the employer's payments for non-taxable benefits, CPP, EI or WCB. There are also differences that arise as the University of Northern British Columbia uses accrual accounting.

Salaries and benefits on the financial statements also includes \$568,000 in salaries that have been reimbursed to third party agencies (primarily research). These vendors and these amounts are included in the statement of goods and services.

Employment Insurance Contributions	889,988.05
Canada Pension Contributions	1,723,407.21
Total Contributions to Receiver General of Canada	2,613,395.26

There were 3 severance agreements under which payment commenced between the University of Northern British Columbia and its non-unionized employees during fiscal year 2013/2014.

These agreements represent from 2 - 7 months of compensation.

The University of Northern British Columbia uses accrual accounting, capitalizes the purchase of all assets greater than \$1,000 and maintains inventories of salable goods in the bookstore, central laboratories, copy services and central stores. As a result, total payments made to vendors in a year is not equal to total operating expenditures in the financial statements.

Total payments made to vendors also includes \$568,000 dollars in salaries reimbursed to third party agencies (primarily for research) reported as salaries and benefits in the financial statements.

Total payments to American Express, MasterCard and Seven Seas Travel do not include travel expenses reported on the Employee Remuneration Schedule.

UNIVERSITY OF NORTHERN BRITISH COLUMBIA PENSION PLAN

STATEMENT OF MANAGEMENT RESPONSIBILITY

To the Board of Trustees of the University of Northern British Columbia Pension Plan

The Finance Department of the University of Northern British Columbia is responsible for the preparation of the financial statements and has prepared them in accordance with Canadian generally accepted accounting principles.

The Pension Plan Board of Trustees is required to ensure that adequate internal controls exist to achieve, in a cost effective manner, its responsibilities in the following areas:

- meeting the requirements under the University of Northern British Columbia Trust Agreement;
- efficient and effective investment of the pension plan funds;
- accuracy and reliability of accounting information;
- timely preparation of reliable financial information consistent with prior years.

The statements are examined by KPMG LLP, who provide an opinion on the fairness of presentation of the information contained therein. KPMG LLP has full access to the Pension Plan Board of Trustees.

1. DESCRIPTION OF PLAN:

The following description of the University of Northern British Columbia Pension Plan is a summary only. For more complete information, reference should be made to the Plan Agreement.

(a) General

The Plan is a defined contribution pension plan covering all permanent employees of the University of Northern British Columbia. Under the Plan, contributions are made by the Plan members and the University. The net assets of the Plan represent the total obligations to Plan members.

The Plan qualifies as a Registered Pension Trust as defined in the Income Tax Act and is not subject to income taxes. The Plan Registration number is 0991034.

The Plan was registered under the Pension Benefits Standards Act of British Columbia as at November 24, 1994. The Plan complied with the Act during the year ended December 31, 2013.

(b) Vesting

The employer's contributions for a member who has completed two years of credited service are deemed to be vested in the pension plan.

(c) Retirement Benefits

Upon retirement, the combined total of the employee and the employer accounts will be available to vested employees.

(d) Termination Benefits

A vested member who terminates employment is entitled to receive the value of the member's employee and employer accounts. An unvested member who terminates employment is entitled to receive a refund of the member's employee account, including interest.

(e) Disability Benefits

A disability pension is available at any age for vested members who are totally and permanently disabled. Such pension will not be paid while the member is in receipt of benefits from a long term disability plan sponsored by the University.

(f) Death Benefits

A member's spouse or beneficiary is entitled to a death benefit equal to the combined value of the member's employee and employer accounts if vested or the member's employee account, including interest, if the member dies before vesting.

(g) Members' accounts transferred or refunded

Members' accounts transferred or refunded are recognized as a decrease in net assets when the funds are disbursed.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements have been prepared in accordance with Canadian accounting standards for pension plans. The plan's significant accounting policies are as follows:

(a) Investments

Investments are carried at fair value. In determining fair values, adjustments have not been made for transaction costs as they are not considered significant. The change in the difference between the fair value and cost of investments at the beginning and end of each year is reflected in the statement of changes in net assets available for benefits as net unrealized change in fair value of investments. Fair values are determined as follows:

- i. Publicly traded bonds, debentures and equities are valued at published closing market quotations.
- ii. Units in pooled funds are valued based on published unit values supplied by the pooled fund administrator, which represents the Plan's proportionate share of underlying net assets at fair values determined using closing market prices.

(b) Investment income

Investment income is recorded on the accrual basis. Any adjustments to investments due to the fluctuation of market prices are reflected as part of the return on investments in the statement of changes in net assets available for benefits.

(c) Use of estimates

The preparation of financial statements, in conformity with Canadian generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in assets during the period. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to the valuation of investments.

3. INVESTMENTS:

Sun Life of Canada was appointed in April, 1997 to provide management services for the pension plan funds. Investment management services are provided by several fund managers including Phillips, Hager & North Investment Management Ltd., Sun Life Assurance Company of Canada, Beutel Goodman & Company Ltd., BlackRock Asset Management Canada, McLean Budden Limited, Connor, Clark & Lunn Financial Group and CI Investments Inc.

Market values are derived from external quotations.

4. FUNDING POLICY:

In accordance with the Trust Agreement, members are required to contribute 3% of their earnings up to the Year's Maximum Pensionable Earnings (YMPE), where "Pensionable" refers to the amount covered annually under the Canada Pension Plan, and 5% of their earnings in excess of the YMPE. The University contributes an amount equal to 8% of the member's earnings up to the YMPE and 10% of the member's earnings in excess of the YMPE.

5. EMPLOYER'S OVER-CONTRIBUTIONS:

Employer's over-contributions represent the employer's contributions that are returned to the employer for employees who have left the University prior to vesting.

6. INVESTMENT INCOME:

Investment income (loss) for the year is analyzed as follows:

	<u>2013</u>	<u>2012</u>
Interest	\$ 370,890	\$ 471,100
Dividends	2,191,457	1,622,840
Capital gain/(loss), net	4,968,073	1,796,857
	<u>\$7,530,420</u>	\$ 3,890,797

7. INVESTMENTS:

Canadian generally accepted accounting principles require disclosure of the fair value of financial instruments. The Plan's investments are carried at fair value in accordance with the accounting policy disclosed in note 2(b) and as disclosed on the statement of net assets.

8. RISK MANAGEMENT:

It is inherent in the design of a defined contribution pension plan that each member assumes all of the risk and rewards associated with the funds in which the member chooses to invest. Fair values of investments are exposed to price risk, liquidity risk and credit risk.

(a) Price risk

Price risk is comprised of currency risk, interest rate risk, and market risk.

- (i) Currency risk: Currency risk relates to the possibility that the investments will change in value due to future fluctuations in US, Euro and other international foreign exchange rates. For example, a 5% strengthening of the Canadian dollar against the US dollar at December 31, 2013 would have decreased the US equity value by about \$ 348,000. Each fund manager may utilize various strategies to minimize currency risk.
- (ii) Interest rate risk: Interest rate risk relates to the possibility that the investments will change in value due to future fluctuations in market interest rates. Duration is an appropriate measure of interest rate risk for fixed income funds as a rise in interest rates will cause a decrease in bond prices the longer the duration, the greater the effect. At December 31, 2013, the average duration of bonds in all funds was 6.27 years. Therefore, if interest rates were to increase by 1%, the value of bonds included in the various funds would drop by about 4.70%.
- (iii) **Market risk:** Market risk relates to the possibility that the investments will change in value due to future fluctuations in market prices. The Plan's exposure to market risk is the responsibility of each Plan member who is able to manage that risk by monitoring the asset allocation and diversifying the investments in their accounts. Market risk can be measured in terms of volatility, i.e., the standard deviation of change in the value of a financial instrument within a specific time horizon. Based on the volatility of the Plan's current asset class holdings shown below, the expectation is that over the long-term, the Plan will return around 15.7%, within a range of +/-14.4% (i.e. results ranging from 1.3% to 30.1%).

8. RISK MANAGEMENT: (cont'd.)

	Estimated volatility %
Canadian and foreign equities	+/- 20.0
Short-term holdings	+/- 2.0
Bonds	+/- 8.0

Benchmark for investments	% change	Net imp	act on market value
			(in thousands)
DEX Universe Bond Index	+/- 8.0		+/- 961
S&P/TSX Capped Composite Index	+/- 20.0		+/- 5,736
MSCI World ex-Canada Net Index	+/- 20.0		+/- 739

Equity price risk is managed by diversification of the options available for selection by members, by selecting investment managers with differing investment styles and focus.

(b) Liquidity risk

Liquidity risk is the risk of being unable to generate sufficient cash or its equivalent in a timely and cost effective manner in order to meet commitments as they come due. Liquidity risk for the Plan is low because the underlying investments of each member are sufficiently liquid (e.g., publicly traded equities, pooled funds and other easily marketable instruments) to meet obligations as they become due.

(c) Credit risk

Credit risk relates to the possibility that a loss may occur from failure of a fixed income security issuer or derivative contract counter-party to meet its debt obligations. At December 31, 2013, the maximum risk exposure for this type of investment is \$12,023,602. Each fund manager establishes policies to limit the risk in the event of non-performance related to derivative financial instruments. For example, the PH&N Bond Fund has a policy of investing in bonds with a quality rating of "BBB" or higher.

In practice, actual results may vary from the sensitivity analysis provided in note 9(a) (i), (ii) and (iii) and the difference could be significant.

10. CAPITAL DISCLOSURES:

The primary purpose of the Plan is to assist and encourage individuals to plan and save for retirement. Each Plan member is responsible for the management of capital within their individual account.

The University of Northern British Columbia Pension Plan is a reporting entity separate from the employer and participants. At December 31, 2013, 621 employees were active in the Plan.

Investment Returns:

Sun Life of Canada was appointed in April, 1997 to provide management services for the pension plan funds. Investment management services are provided by several fund managers including Phillips, Hager & North Investment Management Ltd., Sun Life Assurance Company of Canada, Beutel Goodman & Company Ltd., BlackRock Asset Management Canada, McLean Budden Limited, Connor, Clark & Lunn Group and CI Investments Inc.

General Operating Fund Report For the Period Ended June 30, 2014

Submitted by:

Eileen Bray

Vice President, Administration & Finance

	2014/2015 Approved Budget	2014/2015 Revised Budget	Actual YTD	Variance fro	om Budget
	(000's)	(000's)	(000's)	(000's)	%
OPERATING FUND REVENUES	(Note 1)	(Note 2)			
Revenue Generated					
Provincial Government Grants	46,058	46,058	11,532	(34,526)	-74.96%
Federal Government Grant	1,241	1,241	310	(931)	-75.02%
Student Fees (Note 3)	19,003	19,058	2,158	(16,900)	-88.68%
Interest, Miscellaneous & Other	853	794	278	(516)	-64.96%
Ancillary Services (Note 4)	608	608	152	(456)	-74.96%
Internal Cost Recoveries	284	288	41	(248)	-85.92%
Total Operating Revenues	68,046	68,046	14,470	(53,576)	-78.73%

Comments on Revenue Variances:

The University of Northern British Columbia's fiscal year is April 1 - March 31. At June 30, it is expected that the variance from budget for most revenues would be in the range of 75% - 90%.

Provincial Government Grants Within expected range.

Federal Government Grant Within expected range.

Indirect Cost of Research Grant is received in monthly instalments.

Student Fees Within expected range.

Interest, Miscellaneous & Other Within expected range.

Interest income slightly higher than expected due to higher than predicted cash balances relating to research funding and the Northern Medical Program.

Ancillary Services Within expected range.

Internal Cost Recoveries Within expected range.

2014/15 Total Budget	68,046	68,042	15,683	32,198	20,162	29.6%

Comments on Expenditures, Labour & Transfers:

The University of Northern British Columbia's fiscal year is April 1 - March 31. At June 30, it is expected that the variance from budget for most expenditures would be in the range of 60% - 75%. However, since many expenses do not occur evenly during the year, eg. hydro, individual departments are reviewed to identify potential problem areas. Based on this review, no issues requiring Board attention were identified. Because not all expenses have committed values, it is difficult to project the exact totals to year end.

Salaries and benefits are committed to March 31st. However, costs such as casual wages, sick leave replacement, sessional instructor contracts, and overtime vary due to circumstances in each area and are difficult to predict to year end.

Transfers to and from other funds are recorded at various points during the year, with most occurring at the beginning of the year. No issues have been identified in the transfer accounts that will have a significant impact on the total annual financial results.

GLOSSARY

All salary, benefit and non-salary expenditures are included in the following groupings:

President's Office/

Executive Services: Board of Governors, Chancellor's Office, and President's Office

External Relations: Vice President External Relations, Communications, Alumni, and University Development

Academic Services: Provost's Office, Registrar's Office, Financial Aid, Admissions & Advising, Student Recruitment, Senate, Convocation,

Library, Information Technology Services, and Teaching, Learning & Technology

Research: Vice President Research, Research Services & Partnerships, and Northern Health Sciences Research Facility

Academic Programs: College of Arts, Social & Health Sciences, College of Science & Management (which includes the Laboratory), Regional

Operations, Master of Business Administration, and Graduate Programs

Student Engagement: Vice Provost Student Engagement, First Nations Centre, Student Success (incl. International Operations), Student

Engagement, and Athletics & Recreation

Administration: Vice President Administration & Finance, Finance & Budgets, Facilities, Purchasing, Contracts & Risk Management, and

Human Resources

University Operations: All expenditures made and revenues collected centrally. Examples: tuition fees, tuition waivers, utilities, legal fees and

audit fees

NOTES TO THE OPERATING STATEMENT

- 1. The 2014/15 Approved Budget comprises the amounts approved at the March 29, 2014 Board meeting.
- 2. The 2014/15 Revised Budget comprises the approved budget plus reallocations and transfers that occur during the fiscal year.
- 3. Student fee revenue represents revenue recorded when a student registers. It does not mean that the fees have been collected. Over the fiscal year the system adjusts student fee revenue as students add or drop courses. At year end an assessment is made to determine whether outstanding fees are collectible. Where they are determined to be doubtful the amount is recorded as bad debt.
- 4. This revenue represents the rent paid to UNBC by Compass Group Canada, National Collaborating Centre for Aboriginal Health, and Rogers Communications for on-campus space, and by other agencies renting space at the University. As well, it includes the chargeback for personnel services provided to the Northern Sport Centre, the 2% of gross sales administration fee charged to Ancillary operations and 15% of gross revenue administration fee charged to the Master of Business Administration program for the administrative and operational (heat, light and power) services provided to them, and an additional \$150,000 contribution from Ancillary operations.
- 5. The budget for salaries and benefits includes \$833,011 in salary savings prorated amongst the various operating areas. The committed amount includes benefits on contractual salaries estimated at 8 to 21.5%.
- 6. Salary budget in University Operations includes estimated costs of: tuition waivers for employees, increases occurring July 1, 2014, and other items under the various employee agreements (e.g. previous year amounts not yet reallocated to units pending conclusion of employee group negotiations), long term leaves such as maternity/parental leaves, and new positions approved in the 2014/15 budget but not yet allocated to the appropriate unit(s), pending completion of the hiring process. This budget is reallocated to the operational areas incurring the expenses during the year. The spending under this category represents the cost of tuition waivers for staff and faculty, any employee severance pay, and administrative leaves.
- 7. The University Operations budget includes the plant operation costs of \$3,354,047.
- 8. Transfers to other funds include such items as transfers to capital, sponsored research, professional development and scholarship funds, as included in the 2014/15 approved budget. These transfers occur at various points during the year.
- 9. Transfers from other funds include such items as transfers from endowments, research funds and the Northern Medical Program, as included in the 2014/15 approved budget. These transfers occur at various points during the year.

AGENDA ITEM BRIEFING NOTE

Date:	September 20, 2014			
Agenda Item:	6.f. Capital Project Update			
Prepared For:	In-Camera Session	on	x Public Session	
Purpose:	X Information Discussion		Seeking Direction	Approval
Prepared By:	Shelley Rennick, Director - Facilities Management			
Reviewed By:	Eileen Bray, VP Administration & Finance			

The Five Year Capital Plan 2015 – 2020 includes the following projects.

- 1/ Allied Health Sciences Building
- 2/ Facilities Management building c/w multi-purpose lab
- 3/ Engineering Program space Repurposing
- 4/ Sustainable Communities & Bioenergy Expansion
- 5/ Residence Renewal
- 6/ International Education and Continuing Studies Building
- 7/ Charles Jago Northern Sports Centre Expansion

UPDATE

1/ Allied Health Sciences Building

This project would entail an expansion to the current Dr. Donald Rix Northern Health Sciences building to accommodate distributed Occupational and Physical Therapy programming.

Timeline:

Detailed Planning 2014 Design 2015

Construction July 2015 – August 2016

Occupancy September 2016

Funding:

This project has been estimated at \$22 million and requires incremental operating and capital funds from the Ministry of Advanced Education.

Status:

UNBC has been working with UBC for a number of years on the development of the program and the incremental space required to deliver the program. Further building programming and design will proceed immediately upon funding notification.

2/ Facilities Management Building c/w multi-purpose lab

This project involves the redesign, expansion and relocation of the shops and offices to meet Worksafe requirements, take advantage of the Bioenergy plant surplus heat, replace the current propane fuel, and consolidate distributed staff. The project will also build replacement shop and storage space that is slated for repurposing to accommodate Engineering lab space.

Timeline:

Detailed Planning	2014/15
Design	2015
Construction	2016/17
Occupancy	2017

Funding:

This project requires capital funding from the Ministry of Advanced Education.

Status:

An architect has completed preliminary schematic designs for the space required. Three location options were identified, each with advantages and disadvantages. Further internal space planning is required to evaluate the options proposed. This planning is ongoing.

3/ Engineering Program space – Repurposing

To provide the space required for the planned Engineering school a two-phased approach is proposed. Phase 1 includes re-purposing current space for expanded Environmental Engineering and offering Civil Engineering. Phase 2 (proposed for 2020) includes a new building for the "School of Engineering" which will include Mechanical and Electrical Engineering as well.

Timeline:

Detailed Planning	2014/15
Design	2015/16
Construction	2016/17
Occupancy	2017

Funding:

This repurposing of space is dependent upon the new FM building going ahead. Therefore, once that has been notionally approved by the Ministry, project costing will be undertaken on

the Engineering space. This requires capital funding from the Ministry of Advanced Education.

Status:

Preliminary program planning has been completed. The next step is to complete detailed program planning and develop a functional space plan and determine appropriate locations within the current buildings.

4/ Sustainable Communities and Bioenergy Expansion

This is a two-phase project. Phase 1is the connection of the Daycare and Residence to the Bioenergy loop. Phase 2 involves the expansion of the Bioenergy Plant and the addition of facilities for on-campus food production and other demonstration needs for rural communities.

Timeline:

Detailed Planning 2014 - 2016 Design 2016/17

Construction Dependent upon funding

Occupancy TBD

Funding:

Funding for Phase 1 is in place through a combination of Ministry funding, internal and external partnerships. Fundraising feasibility for Phase 2 is currently underway with an eye to identifying potential donors for this project.

Status:

Phase 1 is a \$2.2 million project and is currently underway. The piping will be installed this year and the connection to the buildings and equipment inside the buildings installed the summer of 2015.

5/ Residence Renewal

As part of an overall review of Ancillary Services the University has undertaken a new student service that includes a revised Meal Plan program, a redesign of the current Food Services area and an upgrade to the Residence Buildings.

Timeline:

Detailed Planning 2014 - 2015

Design 2015

Construction Dependent upon funding

Occupancy TBD

Funding:

The cafeteria changes were completed in August and planning is now underway for the Residence upgrades. An architect will be retained this fall to design the required changes with the renovations to Residence 1 to take place in the summer of 2015.
6/ International Education and Continuing Studies Building
Business Planning and program development continue in the International Education, English Language Studies and Conference Services areas. Once this academic planning has been completed the space planning will take place. It is anticipated that this will be carried out over the next two years and construction to take place in 2018.
7/ Charles Jago Northern Sports Centre Expansion
The NSC continues to build on its partnership with the City and the facilities offerings. This business development has resulted in the building reaching its capacity. The University is currently exploring options for NSC expansion and will provide a feasibility study that aligns with the City and UNBC Master Planning efforts to the NSC Board by the end of 2014.
OTHER CAPITAL PROJECTS
Wood Innovation and Design Centre Update:
Building:
Construction of the building is now substantially complete. UNBC is currently working on the building operations requirements with the ministries and the building operator. UNBC Engineering program staff are scheduled to move in to the building on October 1, 2014.
Planning and identification of the Research lab equipment is ongoing and expected to be complete by year end.
Recommendation Approved: Not Approved: Date:
Remarks/Next Steps:

This project is being self-funded as part of Ancillary planning.

Status:

NEWS RELEASE

For Immediate Release 2014AVED0047-001273 September 2, 2014 Ministry of Advanced Education

Partnership fuels expansion of University of Northern B.C.'s bioenergy system

PRINCE GEORGE – Students, communities, and the environment will benefit from the expansion of the University of Northern British Columbia's award-winning bioenergy heating system, thanks to a \$1.1-million contribution from the Government of B.C.

The funding partnership was announced by Advanced Education Minister Amrik Virk at UNBC's 25th-anniversary kickoff celebration held today in Prince George.

The government investment will allow UNBC to begin the connection of its student residences, Enhanced Forestry Lab, and daycare facility to a new district energy system, effectively cutting down on the use of fossil fuels for heating. Energy will initially come from the existing bioenergy systems on campus.

UNBC's Sustainable Communities Demonstration Project is designed to model a northern, rural, or off-grid community, effectively serving as a platform for education, research, and demonstration.

The total cost of the capital project is \$2.2 million, and the Omineca Beetle Action Coalition and TransCanada Corporation have joined the Province as funding partners. The BC Bioenergy Network has also made a funding commitment and Pacific BioEnergy will be donating the wood pellets that will fuel the system.

Currently, the Prince George campus annually derives nearly three-quarters of its heat from locally sourced biomass: wood pellets and sawmill residue.

The UNBC energy initiative has already attracted local, provincial, national, and international awards. In fact, the Bioenergy Plant is the first building in northern B.C. to be certified as LEED Platinum. The addition of the Sustainable Communities Demonstration Project will allow UNBC to reach its goal of reducing fossil fuel consumption for heating by 85% since 2010.

Quotes

Amrik Virk, Minister of Advanced Education -

"UNBC is seen as an innovative leader in the clean energy field and as a driver of economic development to create jobs and opportunities for British Columbians. Extending the bioenergy system is great for students, future generations of British Columbians, the community and our province."

Shirley Bond, Minister Jobs, Tourism and Skills Training and Minister Responsible for Labour and MLA for Prince George-Valemount –

"With the expansion of UNBC's award winning bioenergy system, UNBC continues to build on its leading role as Canada's Green University. The investment announced today is another example of the ongoing partnership between our government, UNBC and industry."

Mike Morris, MLA for Prince George-Mackenzie -

"UNBC's bioenergy system is a great model of responsible and sustainable energy practice. By augmenting this system, our community will benefit from cleaner living."

Executive vice-president and president development of TransCanada Corporation Alex Pourbaix –

"TransCanada is committed to responsible energy development, which includes supporting programs that build strong, vibrant and sustainable communities where we operate across North America. We are proud to support UNBC's bioenergy initiatives because as Canada's largest private-sector power generator, we recognize the need to move towards a less carbonintense energy future. To that end, we have invested over \$5 billion in renewable energy sources and one-third of the power we produce is from emission-less sources including the largest wind development in Canada, along with nuclear, hydro and solar facilities."

Vice-president of Pacific Bioenergy Brad Bennett -

"UNBC has shown great support for the bioenergy industry for many years. The Enhanced Forestry Lab is heated with wood pellets. The main buildings on campus are heated by the Bioenergy Plant and now the Sustainable Communities Demonstration Project that will expand the campus energy system to serve the student residences and the UNBC day care centre. Projects like this will help Canadians better understand the many environmental and economic benefits of using bioenergy systems. Pacific Bioenergy is pleased to show its support for UNBC by contributing the wood pellets required for this innovative project."

Chair of Omineca Beetle Action Coalition and Mayor of Mackenzie Stephanie Killam -

"The Sustainable Communities Demonstration Project will add to the excellent collaborative relationship that UNBC currently has with our member communities. This project will demonstrate how the region can effectively harness their local energy sources to fuel dependable, affordable, and clean energy systems that provide jobs, economic development, and sustainable utilization of resources."

Michael Weedon, executive director, BC Bioenergy Network -

"We are proud to be part of the expansion of UNBC's district energy system, to build upon an award-winning platform in conjunction with government, academia and industry to prove out the economic and environmental merits of bioenergy in B.C. This investment will build further upon UNBC's teaching and research capacity. It will transform the campus into a model of integrated sustainable northern community energy."

President of University of Northern British Columbia Daniel Weeks -

"When the Bioenergy Plant received a national Green Building Award earlier this year, the jurors commented that it's 'a fabulous example of what more communities in Canada should be doing.' We agree, and the announcement of this Sustainable Communities Demonstration

Project represents our next step. Thank you to our funding partners for joining with us on a project that will bring benefits to rural communities."

Table 3A

International vs. Canadian Residency

counts by student level, residency and admit type September 1st Snapshot

- 1) People can and do apply multiple times in the same semester, as such application counts are not equal to unique head counts 2) All applications to NURC (UG Nursing Collaborative) have been excluded as these applications are no longer submitted to UNBC.
- 3) Measure(M) is the average of the last three years official final numbers for the given term.

Table 4B High School Application Yield Rates

yield rates by market area and high school
September 1st Snapshot

- 1) People can and do apply multiple times in the same semester, as such application counts are not equal to unique head counts
- 2) All UG applications with high school based admit codes are included
- 3) Measure(M) is the average of the last three years official final numbers for the given term.

Table 5A **Applications / Admits Comparison** September 1st Snapshot

Notes:

- 1) People can and do apply multiple times in the same semester, as such application counts are not equal to unique head counts
- 2) All applications to NURC (UG Nursing Collaborative) have been excluded as these applications are no longer submitted to UNBC.
 3) Measure(M) is the average of the last three years official final numbers for the given term.

Table 5B Program Application Yield Rates September 1st Snapshot

Notes:

- 1) People can and do apply multiple times in the same semester, as such application counts are not equal to unique head counts
- 2) All applications to NURC (UG Nursing Collaborative) have been excluded as these applications are no longer submitted to UNBC.
- 3) Measure(M) is the average of the last three years official final numbers for the given term.

Table 6A Applications / Admits Comparison

counts by student level and applicant address market area September 1st Snapshot

Notes:

- 1) People can and do apply multiple times in the same semester, as such application counts are not equal to unique head counts
- 2) All applications to NURC (UG Nursing Collaborative) have been excluded as these applications are no longer submitted to UNBC.
- 3) Measure(M) is the average of the last three years official final numbers for the given term.

September 1st Update of Summer 2014 FTE and Fall 2014 Applications and FTE

The following summary compares summer 2014 Full Time Equivalents (FTE) and headcounts as of September 1st, 2014 to summer 2013 numbers as of September 1st, 2013. Fall 2014 application numbers are also compared to Fall 2013 numbers as of the September 1st snapshots.

Summer 2014 FTE and Registration Numbers:

- Total FTE (excluding international fee paying FTE) down -0.1% (-1.0).
 - At 91.4% of estimated summer portion of ministry FTE targets.
 - At 95.4% of Measure (M).
- Overall unique registrations up 3.8% (63hc).
 - At 93.7% of estimated summer portion of head count needed to meet ministry FTE targets.
 - At 88.6% of Measure (M).

More detailed:

Full Time Equivalents (FTE)

- Undergraduate FTE down -12.9% (-45.9).
 - At 60.8% of estimated summer portion of ministry FTE targets.
 - At 87.8% of Measure (M).
- Graduate FTE down -1.2% (-6.0).
 - At 119.0% of estimated summer portion of ministry FTE targets.
 - At 96.7% of Measure (M).
- Continuing Studies FTE up 89.9% (32.4).
 - At 300.4% of estimated summer portion of ministry FTE targets.
 - At 110.5% of Measure (M).

Included in above numbers:

- International (domestic tuition paying) FTE up 15.8% (12.4).
 - At 127.7% of Measure (M).
- International (international tuition paying) FTE down -21.8% (-16.9).
 - At 83.2% of Measure (M).

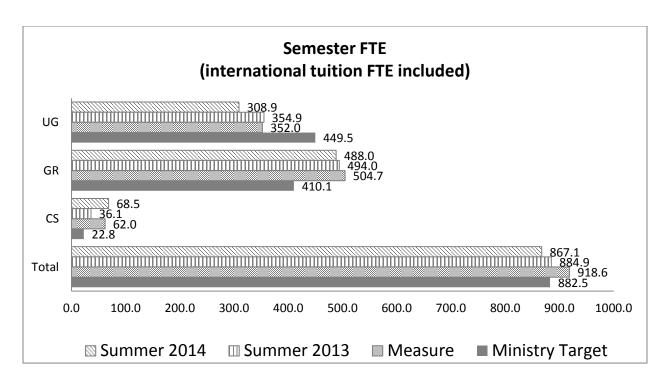

Total FTE change with international tuition paying FTE removed is down -0.1% (-1.0).

CASHS FTE is down 10.8% (-49.3)

- Undergraduate down 9.1% (-13.0)
- Graduate down 11.5% (-36.3)

CSAM FTE is down 3.5% (-12.9)

- Undergraduate down 22.1% (-42.2)
- Graduate up 16.9% (29.3)

Registrations (hc)

- Undergraduate registrations down -10.1% (-91hc).
 - At 76.3% of estimated summer portion of head count needed to meet ministry FTE targets.
 - At 91.4% of Measure (M).
- Graduate registrations down -3.4% (-19hc).
 - At 120.1% of estimated summer portion of head count needed to meet ministry FTE targets.
 - At 97.0% of Measure (M).
- Continuing Studies registrations up 91.5% (173hc).
 - At 114.3% of estimated summer portion of head count needed to meet ministry FTE targets.
 - At 73.9% of Measure (M).

Included in above numbers:

- International (domestic tuition paying) registrations up 18.3% (15hc).
 - At 130.5% of Measure (M).
- ➤ International (international tuition paying) registrations down -14.3% (-23hc).
 - At 91.4% of Measure (M).

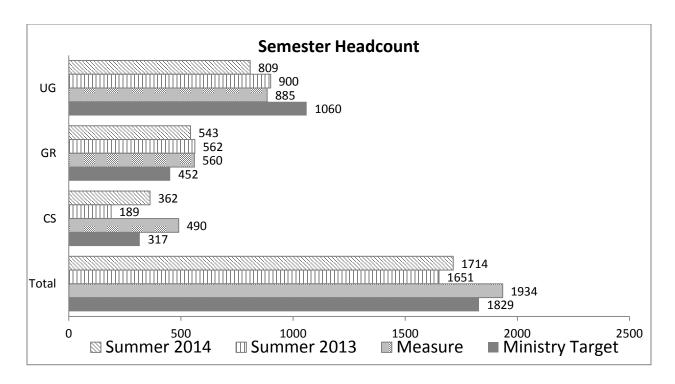

Total unique registration up 3.8% (63hc).

CASHS registration is down 9.0% (-66)

- Undergraduate down 4.1% (-15)
- Graduate down 13.7% (-51)

CSAM registration is down 11.1% (-71)

- Undergraduate down 21.3 % (-99)
- Graduate up 15.8% (28)

Fall 2014 Applications Preliminary Numbers:

(Only students applying to UNBC for the fall 2014 term are included in these numbers)

Fall 2014 vs. 2013 Applications summary:

- > Total applications down -3.3% (-96 h.c.) from Fall 2013.
 - At 92.2% of Measure (M).
- Total admissions down -4.5% (-88 h.c.) from Fall 2013.
 - At 89.3% of Measure (M).
- Total registrations down -4.2% (-43 h.c.) from Fall 2013.
 - At 83.9% of Measure (M).

Fall 2013 vs. 2012 Applications summary:

- Total applications down -11.1% (-361 h.c.) from Fall 2012.
- Total admissions down -7.7% (-164 h.c.) from Fall 2012.
- Total registrations down -6.6% (-72 h.c.) from Fall 2012.

Fall 2014 FTE/Registration Preliminary Numbers:

- > Total FTE (excluding international fee paying FTE) down -4.7% (-117.8).
 - At 72.0% of estimated fall portion of ministry FTE targets.
 - At 85.6% of Measure (M).
- Overall registrations down -3.9% (-123hc).
 - At 70.9% of estimated fall portion of head count needed to meet ministry FTE targets.
 - At 81.0% of Measure (M).

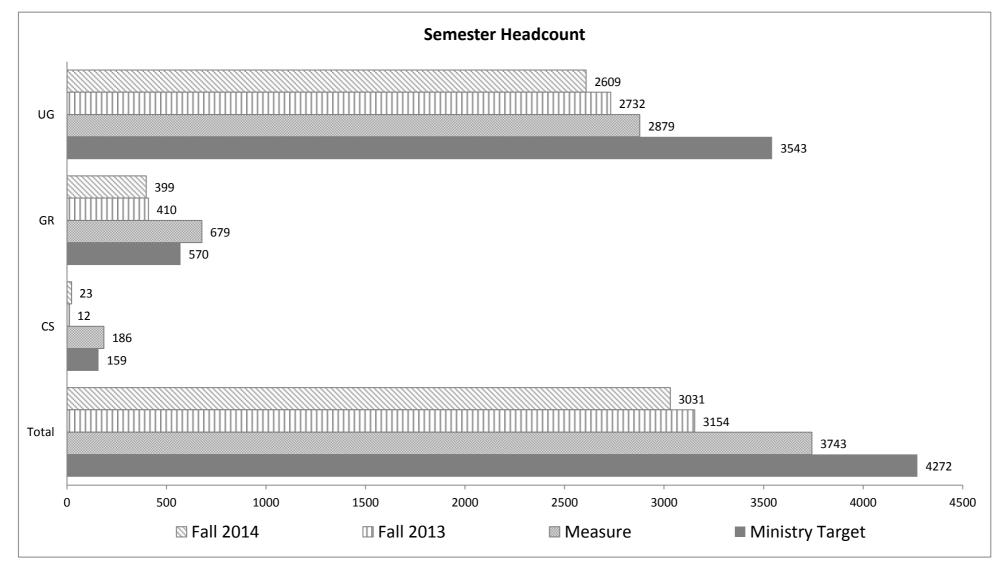

<u>Appendix</u>

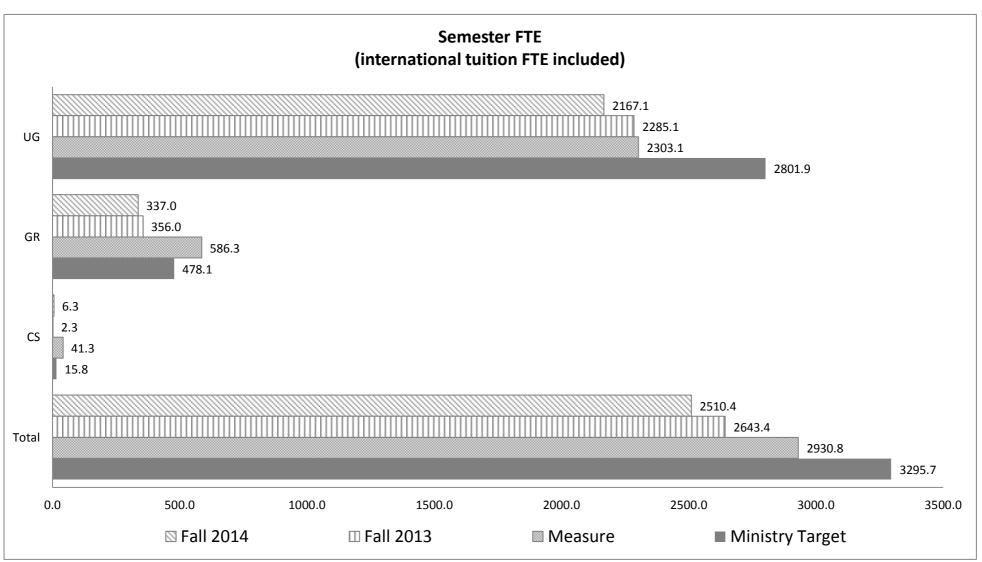

Some definitions/notes:

- What is an FTE? FTE is enrolment (headcounts) converted to the equivalent number of students carrying a normal full credit load. FTE is calculated by taking a student's semester credit total and dividing by the standard full course load credit total. Generally speaking for undergraduate students this would be semester total/15. For graduate students if they are taking 6 or more credits they are 1FTE and if they are taking less than 6 credits they are 0.333FTE (there are some finer points involved with calculating FTE but for the purpose of a general description they need not be discussed). The FTE value is calculated for each student enrolled in a given semester and then totaled to come up with the overall semester FTE.
- A point of note is that international students paying international tuition rates do not have their FTE included in reports that we submit to the ministry with regards to targets or funding levels. The reason for this is that they are paying a "cost recovery" rate of tuition and as such are not funded by the ministry.
- A "Measure" (M) is a comparator number derived from the average of the last three years official final numbers for the semester being reported on. For example the Measure (M) for a fall 2011 FTE report would be based on the official numbers from the fall 2010, 2009 and 2008 terms.
- Ministry targets are provided to the institution based on final year end annualized numbers; in order to
 come up with estimated term targets the ministry target was broken down based on the average split of
 FTE UNBC sees between summer, fall and winter terms. Further to this the estimated headcount targets
 were determined by using the average number of students it takes to generate 1FTE in a given semester
 and at a given student level.
- The ministry targets provided to UNBC includes a portion of "undesignated" FTEs; for the purpose of this report these "undesignated" FTE are used as the targets for continuing studies.

Head Count and FTE Breakdown

Fall 2014 vs. Fall 2013 September 1st snapshot

^{**} estimated portion of the ministry yearly annualized target needed to meet final FTE target

	Fall 2014
Ministry Target***	% of Ministry Target
3295.7	72.0%

NOTES: Measure(M) is the average of the last three years official final numbers for the given term.

- -UG "full time" = 12 or more credits
- -GR "full time" = 6 or more credits OR thesis, project, comprehensive exam or PhD
- -1 UG FTE = 15 credits
- -1 Cont. Ed. FTE = 15 credits
- -1 GR FTE = 6 or more credits OR in thesis, project or comprehensive exam. Less than 6 credits = 0.33 FTE

The ministry targets provided to UNBC includes a portion of "undesignated" FTEs; for the purpose of this report these "undesignated" FTE are used as the targets for continuing studies.

^{***2.} Ministry targets are based on final year end annualized numbers; in order to come up with estimated term targets the ministry target was broken down based on the average split of FTE UNBC sees between summer, fall and winter terms. Further to this the estimated headcount targets were determined by using the average number of students it takes to generate 1FTE in a given semester and at a given student level.

September 1st snapshot FTE Summary Summer 2014 vs. Summer 2013

Executive summary:

- Total FTE (excluding international fee paying FTE) down -0.1% (-1.0).
 - At 91.4% of estimated summer portion of ministry FTE targets².
 - At 95.4% of Measure (M)¹.
- Overall unique registrations up 3.8% (63hc).
 - At 93.7% of estimated summer portion of head count needed to meet ministry FTE targets².
 - o At 88.6% of Measure (M) 1.

More detailed:

Full Time Equivalents (FTE)

- Undergraduate FTE down -12.9% (-45.9).
 - At 60.8% of estimated summer portion of ministry FTE targets³.
 - o At 87.8% of Measure (M).
- Graduate FTE down -1.2% (-6.0).
 - o At 119.0% of estimated summer portion of ministry FTE targets.
 - At 96.7% of Measure (M).
- Continuing Studies FTE up 89.9% (32.4).
 - o At 300.4% of estimated summer portion of ministry FTE targets.
 - At 110.5% of Measure (M).

Included in above numbers:

- International (domestic tuition paying) FTE up 15.8% (12.4).
 - o At 127.7% of Measure (M).
- International (international tuition paying) FTE down -21.8% (-16.9).
 - o At 83.2% of Measure (M).

Total FTE change with international tuition paying FTE removed is down -0.1% (-1.0).

Registrations (hc)

- Undergraduate registrations down -10.1% (-91hc).
 - At 76.3% of estimated summer portion of head count needed to meet ministry FTE targets.
 - o At 91.4% of Measure (M).
- Graduate registrations down -3.4% (-19hc).
 - At 120.1% of estimated summer portion of head count needed to meet ministry FTE targets.
 - At 97.0% of Measure (M).
- Continuing Studies registrations up 91.5% (173hc).
 - At 114.3% of estimated summer portion of head count needed to meet ministry FTE targets.
 - o At 73.9% of Measure (M).

Included in above numbers:

- International (domestic tuition paying) registrations up 18.3% (15hc).
 - At 130.5% of Measure (M).
- International (international tuition paying) registrations down -14.3% (-23hc).
 - o At 91.4% of Measure (M).

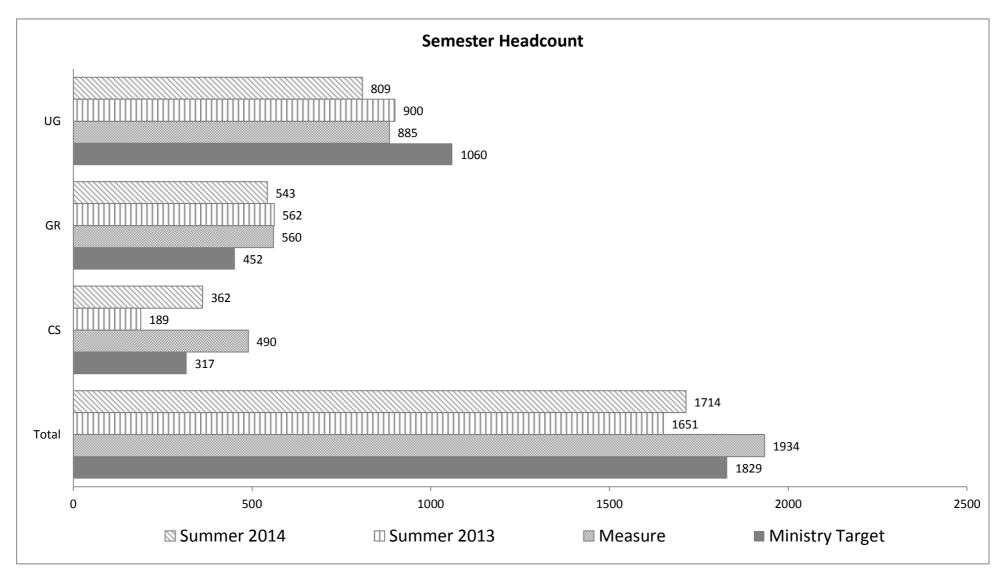

Total unique registration up 3.8% (63hc).

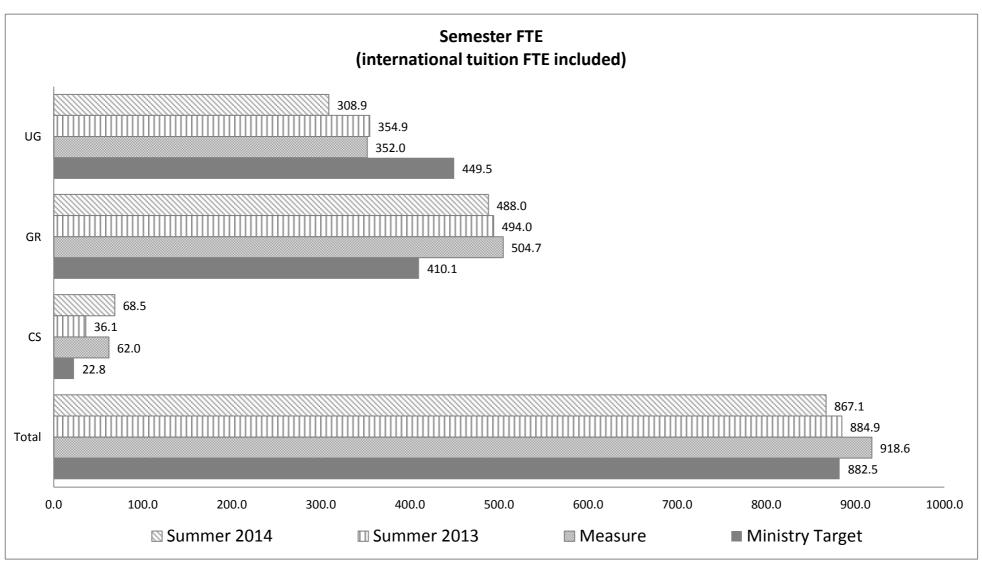

Notes:

- 1. Measure (M) is a comparator number derived from the average of the last three years official final numbers for the semester being reported on. For example the Measure (M) for a summer 2011 FTE report would be based on the official numbers from the summer 2010, 2009 and 2008 terms.
- 2. Ministry targets are based on final year end annualized numbers; in order to come up with estimated term targets the ministry target was broken down based on the average split of FTE UNBC sees between summer, fall and winter terms. Further to this the estimated headcount targets were determined by using the average number of students it takes to generate 1FTE in a given semester and at a given student level.
- 3. International tuition group UG FTE are not included in the % of estimated ministry target calculations.
- 4. The ministry targets proved to UNBC includes a portion of "undesignated" FTEs; for the purpose of this report these "undesignated" FTE are used as the targets for continuing studies.

Head Count and FTE Breakdown

	Summer 2014
Ministry	% of Ministry
Target***	Target
882.5	91.4%

NOTES: Measure(M) is the average of the last three years official final numbers for the given term.

**Grand total may included students counted more than once. If a student had registrations in more than one level in the same term they are counted each time (for example a student in UG academic and Continuing studies will be counted twice in the grand total).

A unique headcount is not currently possible because Continuing Studies Students in the Book King system can not be matched to their corresponding records in the Banner system.

- -UG "full time" = 12 or more credits
- -GR "full time" = 6 or more credits OR thesis, project, comprehensive exam or PhD
- -1 UG FTE = 15 credits
- -1 Cont. Ed. FTE = 15 credits
- -1 GR FTE = 6 or more credits OR in thesis, project or comprehensive exam. Less than 6 credits = 0.33 FTE

***2. Ministry targets are based on final year end annualized numbers; in order to come up with estimated term targets the ministry target was broken down based on the average split of FTE UNBC sees between summer, fall and winter terms. Further to this the estimated headcount targets were determined by using the average number of students it takes to generate 1FTE in a given semester and at a given student level.

The ministry targets provided to UNBC includes a portion of "undesignated" FTEs; for the purpose of this report these "undesignated" FTE are used as the targets for continuing studies.

SENATE COMMITTEE ON ACADEMIC AFFAIRS

PROPOSED MOTION

Motion:	That the Agreement of Cooperation between The Board of Education	of School
	District No. 91 (Nechako Lakes) and the University of Northern British	Columbia

be approved as proposed.

Effective Date: August 2014

Rationale: As part of the International Task Force report (2012), it was recommended that UNBC explore local/regional partnerships that enhance international education at UNBC. Grade 12 International School Bridging programs have shown success in preparing international students for post-secondary education.

Agreement of Cooperation

Between

University of Northern British Columbia (UNBC) Prince George, BC Canada

And

The Board of Education of School District No. 91 (Nechako Lakes) Vanderhoof, BC Canada

In consideration of their mutual interests regarding secondary and post-secondary level education for international students, the undersigned agree to establish cooperation in the following area:

- UNBC will offer a conditional offer of acceptance to all International students who are enrolled in the grade 12 International Student Bridging Program in the Nechako Lakes School District, based on the outlined criteria below.
- The University will provide the School District with UNBC application forms. Students must submit applications to UNBC before the conditional letter of acceptance will be issued.
- Conditions will be specific to program and admission requirements and English language prerequisites.
- Conditional Acceptance letters will not be issued for any over-subscribed programs as determined by UNBC.
- The School District and UNBC will collaborate on recruitment activities wherever possible.

Our respective institutions pledge to collaborate, to the extent allowed by law and available resources, in the broad range of academic endeavours as outlined in subsequent supplemental agreements. Review and assessment of the achievements and future cooperation will be reviewed from time to time in meetings as necessary.

from time to time in meetings as necessary.	
This protocol will be effective on the Day of years.	, 20, and shall have a term of five (5)
In witness thereof, this Agreement of Cooperation is	signed by the respective institutions:
University of Northern British Columbia	The Board of Education School District No. 91 (Nechako Lakes)
Dr. Mark Dale, Interim President and Vice Chancellor	Charlene Seguin, Superintendent of Schools
Sylvester Chen, Director of International Education	Manu Madhok, Director of Instruction

SENATE COMMITTEE ON FIRST NATIONS AND ABORIGINAL PEOPLES

PROPOSED MOTION

Motion: That the Memorandum of Understanding between UNBC and the Lake Babine

First Nation be approved as proposed.

Effective Date: Upon approval by all parties

Rationale: Building on our long-standing and positive relationship with the Lake Babine First Nation (LBN),

Protocol Committee Members from the former Protocol Agreement between LBN and UNBC have drafted a Memorandum of Understanding (MOU) to replace the former Protocol Agreement signed in 2010. This MOU, written to highlight objectives of the relationship between UNBC and LBN, has undergone several internal consultation processes including: a Faculty Association Working Group, CSAM College Council, CASHS College Council, and the Senate Committee for

First Nations and Aboriginal People.

Moved by:	B. Schorcht	Seconded by: D. Nyce					
Committee Decision:	CARRIED.	XXV					
Approved by SCFNAP:	May 22, 2014 Date	Chair's Signature					
For recommendation to, or information of Senate.							

BETWEEN:

THE UNIVERSITY OF NORTHERN BRITISH COLUMBIA (UNBC)

AND:

THE LAKE BABINE FIRST NATION (LBN)

PURPOSE

The purpose of this Memorandum of Understanding (MOU) is to describe and build a foundation for how the Lake Babine First Nation and the University of Northern British Columbia (UNBC) can work together for a cooperative, long-lasting, and mutually beneficial relationship.

BACKGROUND

- A. LBN and UNBC have been in discussions to establish and promote a collaborative and working relationship for the advancement of their mutual education and research-related goals and initiatives through a MOU.
- B. This MOU sets out the agreement in principle of the parties to collaborate in developing and undertaking activities to the mutual benefit of each party and the communities they serve.
- C. This MOU replaces the Protocol Agreement signed January 27, 2010

AGREED PRINCIPLES

1 Principles of cooperation.

- 1.1 LBN and UNBC:
 - (a) make a commitment to open discussion, positive negotiation and a problem-solving approach to all matters related to fulfilling the purpose of this MOU;
 - (b) will explore regular opportunities for dialogue and the establishment of formal mechanisms and processes for communication and input;
 - (c) recognise and respect the diverse strengths and contributions each brings to the relationship;
 - (d) will have equal status in decision making on all matters related to fulfilling the purpose of this MOU; and
 - (e) commit to informing the other of any new information and developments which could impact on the fulfilling of the purpose of this MOU.

2 Memorandum not legally binding

- 2.1 This Memorandum is not intended to be legally binding on either party and does not:
 - (a) give rise to any contractual relationship between the parties; or
 - (b) create any legal obligations on either party including an obligation to enter into any separate written agreements.

3 Relationship of the parties

- 3.1 The parties agree that this MOU is not intended to, nor shall, create a partnership, joint venture or agency relationship between the parties.
- 3.2 The parties intend that any agreement for cooperation in relation to specific activities will be documented in a separate and formal agreement executed by the parties in accordance with the policies and procedures of the respective parties and included with this MOU as an appendices.
- 3.3 Either party may initiate proposals for activities and initiatives under this MOU at any time.
- 3.4 Nothing in this MOU shall oblige a party to incur any cost or expense, or undertake any work or take any action except as may be provided in a formal agreement executed by the parties either in connection with an activity contemplated by this MOU or otherwise

4 Memorandum will not prevent cooperation with other parties

4.1 The parties agree that this MOU will not prevent any party from undertaking any activities or cooperating with third parties or acting independently of the other.

5 Public announcements

5.1 The parties agree to consult with each other before making any public announcements that would originate from either UNBC or LBN regarding this MOU or any collaboration contemplated by it as per Article 3.2.

6 Term and termination

- 6.1 The parties may review this MOU and their relationship on an annual basis.
- 6.2 Either party may terminate this MOU at any time and for any reason with immediate effect by giving written notice to the other party.
- 6.3 The termination of the MOU will not affect any rights or obligations under any formal agreement entered between the parties pursuant to this MOU or otherwise. Any such agreements remain in effect according to their respective terms.

7 Coordinating Officers

- 7.1 In order to carry out and fulfil the aims of this Memorandum, LBN and UNBC each appoint the following individuals to communicate in regards to the MOU:
 - (a) For LBN:

Name:

Position:

(b) For UNBC

Name:

Position:

7.2 These individuals, or their designate, will be the points of contact for the MOU..

Executed as a Memorandum

The signatories hereby personally endorse this Memorandum on behalf of the party for whom they have signed:

SENATE COMMITTEE ON FIRST NATIONS AND ABORIGINAL PEOPLES

PROPOSED MOTION

Motion: That the Memorandum of Understanding (MOU) between UNBC and the

Tsilhqot'in National Government (TNG) be approved as proposed.

Effective Date: Upon approval by all parties

Rationale: After consultation with members from the Tsilhqot'in National Government (TNG), this MOU was

developed to align with the goals, objectives, and priorities of UNBC and TNG. The MOU has undergone several internal consultation processes including: a Faculty Association Working Group, CSAM College Council, CASHS College Council, and the Senate Committee for First

Nations and Aboriginal People.

Made by: Rheanna Robinson – Office of Research

INFORMATION TO BE COMPLETED AFTER SENATE COMMITTEE ON FIRST NATIONS AND ABORIGINAL PEOPLES MEETING			
Brief Summary of Com	mittee Debate:		
Motion No.:	SCFNAP 201405.02		
Moved by:	B. Schorcht	Seconded by: D. Nyce	
Committee Decision:	CARRIED.	XIU	
Approved by SCFNAP:	May 22, 2014 Date	Chair's Signature	
For recommendation to	o, or information of _	Senate.	

Purpose

The purpose of this Memorandum of Understanding ("MOU") is to describe and build a foundation for how the Tsilhqot'in National Government (TNG) and the University of Northern British Columbia (UNBC) can work together for a cooperative, long-lasting, and mutually beneficial relationship.

Background

Whereas:

- 1) TNG and UNBC seek to enter into a process to build a mutually beneficial and supporting relationship and establish a framework for both organizations to work together to research, develop, and deliver appropriate programs and courses for Tsilhqot'in communities;
- 2) TNG was established in 1989 as a Tribal Council Government that represents six (6) communities of *Tsi Del Del, Yunesit'in, Tl'etingox-t'in, Xeni Gwet'in, ?Esdilagh,* and *Tl'esgox*;
- 3) TNG and UNBC mutually respect, recognize, and accept the mission and principles of their respective organizations and seek to formalize their commitment to work together.

Agreement

It is therefore agreed that:

- 1. TNG and UNBC will consider supporting and encouraging one another, as appropriate, to lead to the growth of research, educational programs, curriculum, and community development activities relevant to the TNG communities. This will include, but is not limited to:
 - a) Continuing to support an open dialogue on issues as they arise;
 - b) Supporting one another on grant applications;
 - c) Providing general letters of support;
 - d) Providing general advice and sharing of background information.
- 2. UNBC will consider, as appropriate, supporting TNG in local research and educational activities relevant to the TNG communities. This will include, but is not limited to:
 - a) Supporting the Tsilhqot'in National Government on grant applications;
 - b) Providing general letters of support for local research and educational activities;
 - c) Providing information to TNG relevant for specific reporting requirements for research/programming as necessary.
- 3. TNG will consider, as appropriate, supporting UNBC in its community-related research and educational activities relevant to the TNG communities. This will include, but not be limited to:
 - a) Supporting UNBC on grant applications;
 - b) Providing general letters of support for UNBC activities.
- 4. It is, therefore, agreed that TNG and UNBC will consider, as appropriate, to:
 - a) Establish continuous and open communication between the two organizations;
 - b) Investigate further the potential for co-managed research collaboration on various specific research topics and the development of relevant programming to be added to this MOU as appendices:
 - c) Promote the ethical conduct of co-managed research including consideration of principles of OCAP (ownership, control, access, and possession) and the respective ethics boards/processes of UNBC and TNG. Principles of OCAP will be negotiated on a case-by-case basis and UNBC Research Ethics Board guidelines will be considered for projects that

involve the participation of human participants. For any research projects that may include animals or bio-hazardous materials, the UNBC Animal Care and Use Committee and Biohazardous Ethics Committees will be included respectively. In the case of any conflict between the parties about the conduct of research, UNBC and TNG representatives make a commitment to open discussion, positive negotiation, and a problem-solving approach to all matters related to fulfilling the purpose of this MOU and a strong, respectful, and mutually beneficial relationship that does not detract from the respected institutional or community-related responsibilities and requirements;

d) A TNG "Memorandum of Agreement: Research Protocol" will be written for a particular research project when working with TNG communities as per TNG research-related guidelines.

Funding

Funding for research activities will be negotiated on a case-by-case basis.

Meetings and Cancellation

Meetings between a representative from the UNBC Office of Research and TNG Administration will occur in June of each year to review this MOU and/or as needed. Either party may cancel this MOU by providing the other party with written notice.

Review of TNG/UNBC MOU

Tribal Chairman, TNG

The TNG and UNBC will review the MOU annual	ly after the initial signing of the Memorandum.

Frank Oberle Scholarship

For UNBC Students

Terms and Conditions

THE UNIVERSITY OF NORTHERN BRITISH COLUMBIA

External Relations March 1993, revised May 2014

Terms and Conditions for the Frank Oberle Scholarship at the University of Northern British Columbia

The University of Northern British Columbia (UNBC) is delighted to continue the Frank Oberle Scholarship. This document replaces previous undertakings and outlines the terms and conditions for this award.

AWARDS GUIDE INFORMATION:

Award Category: In-course

Award Name: Frank Oberle Scholarship

Awards Guide Description/Intent: Frank Oberle was first elected to Parliament in 1972, and was re-elected in his riding of Prince George-Peace River in the six consecutive elections that followed. In November 1985, he was appointed Minister of State (Science and Technology), and in 1989 he became Minister of State (Forestry).

Donor: Friends of Frank Oberle and UNBC

Value: \$400 \$1,500 **Number:** One Two

Award Type: Scholarship

Eligibility: Available to full time undergraduate students enrolled in the forestry and natural resource management program with a focus on forestry, and have completed between 60 and 90 credit hours. Applicants must have demonstrated community service, and a commitment to forestry and natural resource management.

Criteria: Academic proficiency.

Application Instructions: Submit two letters of recommendation from faculty or peers to the UNBC Awards Office that support your nomination for this award.

Effective Date: Endowed 1993

Recipient Selection: Senate Committee on Scholarships and Bursaries upon nomination by the College of Science and Management.

ENDOWED AWARDS PARTNERSHIP ARRANGEMENTS:

The Friends of Frank Oberle and UNBC have:

• Fully established an endowed fund with the University of Northern British Columbia.

UNBC will:

- Provide a charitable tax receipt in the amount of the gifts provided by the donor(s) in the year the University receives the donations.
- Invest and manage all donations to the endowed fund in accordance with applicable government regulations.
- Promote and advertise the Frank Oberle Scholarship in all appropriate UNBC materials and publications.
- Provide the award(s) to the selected candidates from interest generated from the endowed funds.

- Make available as the award(s) an amount approved by the UNBC Board of Governors, currently set at approximately 3.5% of the principal from annual interest generated by the endowed fund less a percentage equivalent to the rate of inflation (currently approximately 2%), which is reinvested to maintain the economic value of the Fund, and a nominal annual administrative fee of ½%. The principal is to be preserved in perpetuity.
- Ensure student recipients provide a letter to the donor thanking them for their support.
- Provide an annual update on the status of the funds and on the student recipient(s).
- Provide recognition to Frank and Joan Oberle as outlined in the Donor Recognition Program (http://www.unbc.ca/giving/recognition programs.html).
- Endeavour to attract any potential matching funds for the donation(s) from various legitimate sources whenever possible.
- Ensure that approximately one and one-half of the value of the awards will remain available
 as expendable funds. Should surplus interest be generated beyond that, the excess will be
 capitalized into the fund.

UNBC may accept all donations to the endowment regardless of origin, subject to the donor's complete acceptance of the arrangements of this document. Once fully established, the fund will generate two awards per year, valued at approximately \$1,500 on an on-going basis. The University reserves the right to increase or decrease the number and/or value of the awards.

If future circumstances make it impossible or impractical for the University of Northern British Columbia to continue using the fund for the stated purposes, the University will endeavor to contact the donor to explore other purposes for the fund. If the University is unable to locate the donor or if the donor is deceased, the University may use the fund in the way it deems most beneficial for the institution, but must adhere as closely as possible to the spirit of the fund and to the donor's original intent.

Frank Oberle and the University may meet from time to time to review the terms of this agreement to ensure both parties continue to be satisfied with the partnership. It is understood that the funds of the donation were obtained in a rightful manner and are otherwise unencumbered.

The agreement will commence upon signing of the document. Signed in agreement on behalf of:

Northern BC Graduate Students' Society Legacy Bursary

For UNBC Students

Terms and Conditions

THE UNIVERSITY OF NORTHERN BRITISH COLUMBIA

University Advancement February 2008

Terms and Conditions for the Northern BC Graduate Students' Society Legacy Bursary at the University of Northern British Columbia

The University of Northern British Columbia (UNBC) is delighted to establish the Northern BC Graduate Students' Society Legacy Bursary with the Northern BC Graduate Students' Society (NBCGSS). This document outlines the terms and conditions for establishing the Northern BC Graduate Students' Society Legacy Bursary at the University of Northern British Columbia.

CALENDAR INFORMATION:

Award Category: Graduate

Award Name: Northern BC Graduate Students' Society Legacy Bursary

Calendar Description/Intent: The Northern BC Graduate Students' Society Legacy awards were established by the NBCGSS to support graduate students at UNBC. These awards are financially supported by alumni of UNBC graduate studies. The goal of the NBCGSS Legacy Bursary is to support students in financial need or that demonstrate outstanding leadership or community involvement.

Donor: Northern BC Graduate Students' Society (NBCGSS)

Value: \$500

Number: Two (1 to a CASHS student, 1 to a CSAM student)

Placement in which Calendar: Graduate

Award Type: Bursary

Eligibility: Available to full time graduate students who are in good academic standing.

Criteria: Satisfactory academic standing and demonstrated financial need and/or leadership or

community involvement.

Conditions: Students who have won financial awards that exceed their tuition for that academic year are ineligible to win this award.

Note: Students may apply for the Bursary for the first 2 years of their Master's Degree or the first 3 years of their PhD program.

Application Instructions: Fill out all sections of the Awards Application form and attach a curriculum vitae including two personal references or one personal reference and one letter of reference and a short biography outlining leadership, volunteering or community involvement. Indicate in the financial need section of the application whether or not you would like to remain anonymous upon receiving this award.

Effective Date: Established 2008

Recipient Selection: Senate Committee on Scholarships and Bursaries on recommendation by

the UNBC Awards Office.

ANNUAL AWARDS PARTNERSHIP ARRANGEMENTS:

The NBCGSS will:

- Provide the award funds in the amount of \$1,000 to the University by March 31 of the year that the award is to be provided.
- Inform UNBC in writing on or before 31st of December in the year prior to your intended withdrawal of the award(s). This provides UNBC time to withdraw advertising of the award(s) in the Academic Calendar for the upcoming new year.

UNBC will:

- Provide a charitable tax receipt in the amount of the gifts provided by the Donor(s) in the year the University receives the donations.
- Promote and advertise the NBCGSS Legacy Bursary in all appropriate external and internal publications.
- Encourage students receiving the award to contact the donor(s) and thank them for their support.
- Provide an annual update on the student recipient(s) by the University President or designate.
- Provide recognition to the NBCGSS as outlined in the Donor Recognition Brochure (http://www.unbc.ca/giving/recognition_programs.html).

Representatives of the NBCGSS and the University may meet from time to time to review the terms of this agreement to ensure both parties continue to be satisfied with the partnership. It is understood that the funds of the donation were obtained in a rightful manner and are otherwise unencumbered.

Office of University Development September-October 2003

Formatted: Strikethrough

Terms and Conditions for

The Priority Woodlands Ltd.R. Williams/B. La Pointe

Scholarship

with the University of Northern British Columbia

Opening Statement: The University of Northern British Columbia (UNBC) is delighted to establish the **Priority Woodlands Ltd.R. Williams/B. La Pointe Scholarship** with a commitment of annual contributions averaging \$1,175-1200 from Priority Woodlands Ltd.R. Williams/B. La Pointe (from harvesting proceeds received via Woodlot 1646 AAC being 2350 m3 per year, located in near Likely, BC).

This document outlines the terms and conditions for establishing the **Priority Woodlands Ltd.R.Williams/B.La Pointe Scholarship** with the University of Northern British Columbia.

CALENDAR INFORMATION:

Award Category: In-course

Award Name: Priority Woodlands Ltd.R. Williams/B. La Pointe Scholarship

Calendar Description/Intent:

Priority Woodlands Ltd.R. Williams/B. La Pointe has established this scholarship in recognition of its close association with the BC Ministry of Forests and the Quesnel River Enhancement Society. The scholarship is supported through benefitfunds received from the company's woodlot located near Likely, BC. This award recognizes the collective efforts to establish the Landscape Ecology Chair at UNBC and at the Quesnel River Hatchery at Likely.

Donor: Priority Woodlands Ltd.R. Williams/B. La Pointe

Value: \$1,1751200 Number: One (1)

Placement in which Calendar: Undergraduate

Undergraduate Award Type: Scholarship

Undergraduate Eligibility Requirements:

- Full-time student
- Second (completed 30 credit hours) or third year undergraduate student (completed 60 credit hours), from the former Cariboo Forest Region Area (100 Mile <u>House</u>, Williams Lake, Quesnel and areas) with a declared major in Natural Resource Management or Forestry
- If no Cariboo students are identified, the award may be allocated to other students doing studies related to issues of importance to Cariboo resource management

Criteria:

- Academic Excellence, with preference to students demonstrating financial need

Conditions:

- Eligible for other awards
- Student able to receive more than once (by application)

F:f	ffe	c	tiv	ve.	D	ate	٠.

- Established September 2003
- For the 2004-05 Academic Year

Recipient Selection Criteria:

- Senate Committee on Scholarships and Bursaries, on recommendation by the Awards Officer

PARTNERSHIP ARRANGEMENTS:

The Priority Woodlands Ltd.R. Williams/B. La Pointe will

•	Provide the award funds in the amount of $\$-1,200$	\$1,175 to the	University by	y March 31	of the year the
	award is to be provided.				

Formatted: Strikethrough

- An initial payment of \$3,500 has been made in September 2003 to fund the initial scholarship, with the balance to be made available to offset any shortfalls in donations received in subsequent years.
- Inform UNBC in writing on or before 31st of December in the year prior to your intended withdrawal of this award. This provides UNBC time to withdraw advertising of the award in the Academic Calendar for the upcoming new year.

UNBC will:

- Provide a charitable tax receipt in the amount of the gifts provided by the Society in the year the University receives the donations.
- Promote and advertise <u>Priority Woodlands Ltd.R. Williams/B. La Pointe</u> Scholarship in all appropriate external and internal publications.
- Invite <u>Priority Woodlands Ltd.R. Williams/B. La Pointe</u> representatives to participate in annual awards ceremonies.
- Information on the recipient students could be provided to appropriate media as recipients are named
 in coordination with the <u>Priority Woodlands Ltd.R. Williams/B. La Pointe</u>
- Encourage students receiving the award to contact the donor and thank them for their support.
- Provide recognition to the <u>Priority Woodlands Ltd.R. Williams/B. La Pointe</u> as outlined in the Donor Recognition Brochure

The agreement will commence upon signing of the document.

Representatives of the *Priority Woodlands Ltd-R. Williams/B. La Pointe* and the University will meet from time to time to review the terms of this agreement to ensure both organizations continue to be satisfied with the partnership.

It is understood that the funds of the donation were obtained in a rightful manner and are otherwise unencumbered.

Signed in agreement on behalf	of:		
Brian La Pointe	Ron Williams	Charles J. Jago

AGENDA ITEM BRIEFING NOTE

Date:	September 20, 2014			
Agenda Item:	6.i. Human Resources Thrive Program 2014			
Prepared For:	In-Camera Session x Public Session			
Purpose:	x Information Discussion	Seeking Direction Approval		
Prepared By:	Carleigh Benoit, Human Resources Advisor, Disability Management			
Reviewed By:	Eileen Bray, VP Administration & Finan	ce		

Background:

With the fall quickly approaching, UNBC's Human Resources Disability Management Program has begun planning for **Thrive 2014.** Thrive was originally introduced by the University of British Columbia (UBC) in 2009 as a week-long series of events focused on building positive mental health for students, faculty, and staff. Events are organized by different departments and groups within the university community as well as external presenters for educational and training purposes. Over the years UBC Thrive Week has grown to host over 48 different events and is now also taking place at their Okanagan Campus. At a recent Disability Management conference, UBC invited all Universities and Colleges across Canada to join together and participate in Thrive.

UNBC will host its first annual Thrive event in November 2014. The kick off week will be November 3-7, 2014 with events continuing to occur through the month of November.

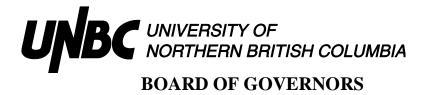

The Goals of Thrive:

- To develop and support organizational culture that challenges mental health stigma and supports mental resiliency
- For employees to develop individual understanding of mental health and mental illness
- To combine programming for students with staff/faculty help strengthen the university's goal of building positive mental health and support to the entire university community
- To create awareness of all the resources that the university has to support staff, faculty and students in living a healthier minds and bodies.

- To create positive mental health champions and partnerships amongst UNBC staff, students and faculty
- To promote physical and mental health among staff, students and faculty.

As leaders within our university I wanted to invite you to join our Thrive Committee and recommend others who you believe would be interested in getting involved. Participation can consist of planning an event, promoting Thrive within your department or classroom, sponsoring an event, or volunteering.

REGIONAL OPERATIONS BOARD OF GOVERNORS REPORT

Submitted by Blanca Schorcht, June 13, 2014

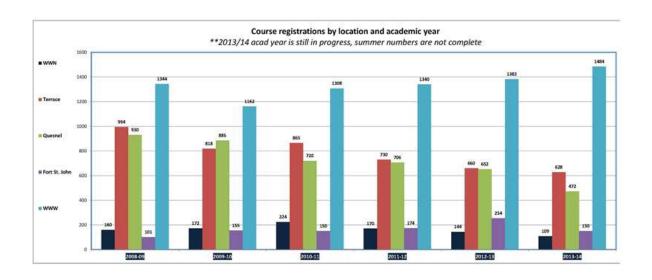

REGIONAL OPERATIONS

History

UNBC initiated regional course delivery beginning in 1992/93 as a part of the very first courses offered during what was called "Quick Start" as part of the university's provincially sanctioned regional mandate. Quick Start ran in 1992/93 and in 1993/94 and predated the official opening of the university in the Fall of 1994.

Regional courses, therefore, have been an integral part of UNBC's programming since the opening of the university. Regional programming, moreover, has expanded to a significant number of World Wide Web courses as well as face-to-face courses in new locations such as Grande Prairie, Alberta, and Whitehorse, Yukon. Regional campuses include Terrace (Northwest Region); Quesnel (South-Central Region); and Ft. St. John (Peace River-Liard Region). Throughout the regions, courses are delivered in a variety of formats, including web courses, videoconference courses, audio-conference courses, face-to-face courses, and a variety of blended models. Regional scheduling is also flexible and includes traditional semester courses as well as condensed courses (one week intensive and three and six week intensive courses) as well as weekend (Friday and Saturday) models. Courses are offered not only at regional campuses, but in various communities throughout UNBC's region. Community-based programming is administered by the particular regional campus into which the individual community falls, based on UNBC's defined regions.

The following graphs provide data on the number of course registrations by region in more recent years, as well as mode of delivery. The data have been adapted from the university's Institutional Research reports; information for the 2013/2014 academic year is still in process.

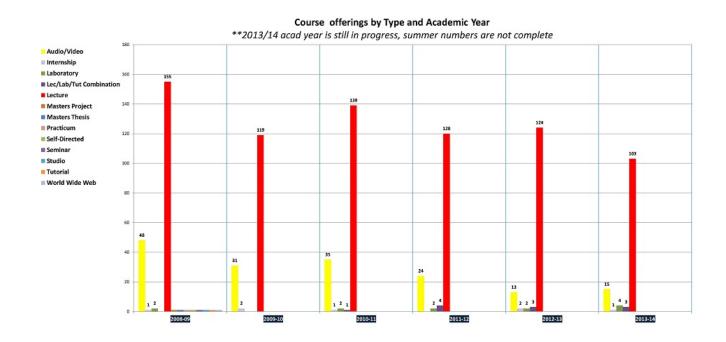

Mode of Delivery

While Regional Operations has offered a fairly stable number of course sections over the past five years, the mode of delivery has been shifting. It should be noted that the overall number of regional courses rises and falls cyclically. This is a result of both variability in the number of independent studies courses offered, as well as the start and end dates of one-time cohorts throughout the regions. The majority of the cohort-based programs other than those in Nursing and Social Work, which have regular intakes, are at the graduate level, primarily in Education, with both the Master's in Multi-disciplinary Leadership and Counselling represented. Education at the undergraduate level also accepts students into the program every second year in Terrace, but only to the primary and elementary years.

At the undergraduate level Nursing has yearly intakes in both Quesnel and Terrace. Social Work accepts students into the Bachelor's Degree program every second year, in Ft. St. John, Terrace, and Quesnel. Other programming that is regularly offered using the cohort model, primarily at community request and always dependent on resources, includes, especially, various First Nations Culture and Language Certificates and Diplomas. These have been offered face-to-face in different communities throughout the region, including Prince Rupert, Burns Lake, Ft. St. James, Quesnel, and Williams Lake.

In particular, the number of courses offered via the World Wide Web continues to increase.

South-Central Region Submitted by Heather Peters, Acting Regional Chair

Nursing:

- The Nursing program in Quesnel has 23 students registered in the 3rd year of the program, and 22 registered in the 4th year with 19 students set to graduate in 2014.
- CNC continues to offer the first 2 years of the program and are set to once again fill the 24 seats in Quesnel in the upcoming academic year.
- A number of our recent graduates from the Quensel campus are either enrolled in graduate studies or are seeking to enroll in graduate studies (2 UNBC NP Program, 1 Masters Stream UNBC, 1 Masters in Psychiatric Nursing-Brampton University).
- Clara Antoniazzi is the current full time Nursing SLI located in South Central with Martha MacLeod providing coordination from the Prince George Campus.

Social Work:

- There are 12 students registered in the Bachelor of Social Work program in South Central. (The number of seats is tied to the number of available field placements).
 - o These students are all in the fourth year of their studies, with their final practicum placement in Fall 2014.
 - o They will be graduating in Spring 2015.
 - o There were 7 students who graduated from Social Work in South-Central in 2013, 6 with a BSW and 1 with an MSW.
- A review of BSW applications is underway for the next intake (Fall 2014).
- South Central Social Work coordinates with the College of New Caledonia (CNC) and their offering of the Social Service Worker Certificate and Diploma.
 - o Historically more than 80% of UNBC's BSW students in Quesnel have come out of this certificate program.
- Heather Peters is the local faculty member coordinating the BSW delivery in Quesnel in conjunction with Social Work at the Prince George Campus.

Delivery of Teaching and First Nations Certificates in Burns Lake:

- There were 16 students in Burns Lake completing their Developmental Standard Term Certificate in Education with a focus on teaching the Carrier language.
- These students have already completed a certificate and diploma in First Nations Studies as a first step in this program. Ten of them graduated with their DSTC in the Spring of 2013, with one more to graduate in 2014.

Tsilhqot'in National Government Courses in Williams Lake:

- The Tsilhqot'in National Government (TNG)'s Indian Studies Support Program (ISSP) funded courses concluded in the fall (2013).
- New courses are proposed for Tsilhqot'in Language certificate (subject to funding).
- TNG was been successful in securing University College Entrance Preparation (UCEP) program.
 - The UCEP program is being delivered in conjunction with the UNBC Continuing Studies department.

- TNG student numbers range from 10 15 students per course.
- TNG and UNBC are developing a memorandum of understanding (MOU).
 - The MOU will formalize the ongoing program development and delivery relationship and extend to community research.
- Coordination of the relationship with TNG and UNBC South Central is by Titi Kunkel.

First Nations Studies Certificates:

- South Central Office (Titi Kunkel) is having an Open House and information session in April to promote First Nations Certificate Programs and determine local interest, with the goal to offer one of the certificates in the coming year.
- The primary audiences include the three Southern Carrier communities, one Tsilhqot'in community, and urban Aboriginal people in the Quesnel area. Everyone with an interest in the certificates is encouraged to attend.

Quesnel Community Update:

- Canfor announced the permanent closure of its mill in Quesnel as of March 2014, affecting 209 employees and several logging contractors.
- A taskforce consisting of municipal government and several provincial agencies was set up by the provincial Minister for Jobs, Tourism and Skills Training.
- UNBC participated in a Community Forum to develop a transition plan for Quesnel, and in the Quesnel Community Open House (November 2013) to share information on local educational opportunities.
- UNBC's South Central office (Titi Kunkel) is participating in the Quesnel Worker Transition discussions, and in other community initiatives as they arise.

Education:

- The M.Ed. (Counselling) program is scheduled to start in Williams Lake (Fall 2014).
- Program viability depends on 20 or more successful applicants, with 18 received to date. Extension of the application deadline is under consideration.

25th Anniversary Plans:

- South Central has plans to celebrate the 25th Anniversary in 2014-15 through an Open House in September 2014, Career Leap promotion in November 2014, and an Alumni barbeque with date to be decided.
- Regional Operations is working with the Office of Communication to create a
 photo exhibit to celebrate UNBC alumni in the Williams Lake area, in particular,
 graduates from the Northern Shuswap, Tsilhqot'in, and Southern Carrier
 communities.
- Faculty and staff are working together on events; Titi Kunkel is coordinating.

Other Select Highlights:

• UNBC/CNC hosted a very successful Career Leap in November of 2013, with over 800 students and community members attending. UNBC's writer-in-residence, Eden Robinson, conducted workshops at this event.

Peace River-Liard Region Submitted by Betty Powers, Regional Coordinator

Education:

Grande Prairie

- Students from the 200703 Master of Education Cohort in Grande Prairie are completing their final project or thesis and are hoping to be complete in time to Graduate in May 2014.
- Eleven of the Sixteen Master of Education students in Multi-disciplinary will write their Comprehensive Exam in March 2014 in hopes of Graduating in May 2014. The other four students are working on their Projects or Thesis.

Whitehorse

• Masters of Education in Multi-disciplinary Leadership students in Whitehorse continue to work on their Projects, Thesis or Comprehensive Exam.

Fort St. John

 Seventeen Master of Education students in Counseling continue to work on their courses.

Social Work

- Seven students in the Bachelor of Social Work program graduated in May 2013. One will graduate in 2014.
- Eleven students in the 2012 Intake of the Bachelor of Social Work program are continuing their courses.
- Two students in Fort St. John are enrolled in the Master of Social Work program and are working on their Thesis or Project.
- Applications are being accepted for the 2014 Intake of Bachelor of Social Work.

Nursing

- Martha MacLeod and Lela Zimmer from UNBC in Prince George travelled to Fort St. John to attend a meeting regarding the possibility of starting a Nursing Program in the Northeast. This would be a joint program with Northern Lights College. The meeting was attended by people from UNBC, Northern Lights, City of Fort St. John, Northern Health, Fort St. John and Dawson Creek Hospitals. There was lots of discussion, but no commitment was made by UNBC to provide the program as there are a number of issues that need to be considered before anything can be finalized. No date was set for a further meeting.
- Martha and Lela spend the next two days touring various facilities in Fort St. John and Dawson Creek.

Northwest Region
Submitted by Phil Burton, Regional Chair

Number of Students Registered (head count) by Program (2013):

Bachelor of Education:

- 15 graduated June 2013
- 13 enrolled
- Next intake in September 2015, estimated enrolment 14

Bachelor of Science in Nursing:

- 22 graduated in June 2013
- 16 enrolled in 3rd Year
- 17 enrolled in 4th Year
- New intake for September 2014 estimated enrolment 17

Bachelor of Social Work

- 6 graduated in June 2013
- 10 enrolled (6 full-time, 4 part-time)
- New intake for September 2014 estimated enrolment 14 (evenly split between Prince Rupert and Terrace)

Bachelor of Science (Integrated)

• 6 enrolled (5 full-time, 1 part-time)

Bachelor of Arts

• 5 enrolled (part-time)

Master of Education (Counselling)

• 17 enrolled

Master of Education (Multi-Disciplinary Leadership)

- 8 graduated in June 2013
- 9 enrolled
- New intake planned for January 2015

Master of Social Work

- 3 enrolled
- Blended one-year and two-year programs delivered in Prince Rupert, Terrace, Smithers and Ft. St. John

Master of Science (Natural Resources and Environmental Studies – Biology)

 1 enrolled (based in Terrace, using NW facilities, though supervisor is in Prince George)

Doctor of Philosophy (Natural Resources and Environmental Studies)

• 2 enrolled (based in Terrace, using NW facilities, though supervisors are in P.G.)

Distance Delivery Update

• Unused video-conferencing equipment from elsewhere in Regional Operations, coupled with contributions from IT, allowed us to set up a dedicated VC room at

- the Prince Rupert campus, able to accommodate 2 or 3 students (especially in the B.Sc. program) who thereby can avoid repeated travel to and from Terrace.
- Likewise a third VC room (capacity 5 students) has been installed at the Terrace Campus (using old equipment) to meet the demand.
- Courses delivered by video to Northwest students in 2013 included Biology (3 courses), Environmental Sciences (2 courses), Environmental Planning, Environmental Studies, and Geography.
- Courses delivered by NW faculty to other campuses included www-based MSW courses, video-conferenced courses in International Studies, History, and First Nations Studies, and an audio-delivered English course.
- Constraints to further use of video-conferencing also include limited facilities at the Prince George campus.
- Intensive (10-day) block-delivery of a Biology class was again hosted by UNBC-NW in late August, 2013. This year it was BIOL 301, "Systematic Botany," and was well attended by students from both the Prince George and Terrace campuses.

Faculty and Staff

- 9 full-time faculty:
 - o 3 tenured or tenure-track, 6 term faculty including 2 senior lab instructors: Bachelor of Science (Integrated) and Aboriginal Services Coordinator
 - One on long-term disability leave (Sue Skeates), one on sabbatical July 2013-June 2014 (Verna McDonald)
- Approximately 12-15 courses are taught by sessional instructors each semester
- 1 Professor Emerita (Margaret Anderson; maintains an office at Prince Rupert campus)
- 1 regularly on-site graduate researcher (Matt Beedle), defended December 2013
- Hosted one forestry research intern from Germany, May-June, 2013.
- 10 support staff:
 - 1 Regional Services Coordinator, 1 full-time and 2 part-time Regional Services Assistants (including 1 in Prince Rupert) provide campus/regionwide support
 - o 1 full-time and 3 part-time Regional Services Assistants support delivery of Education, Nursing and Social Work programs
 - o 1 half-time maintenance assistant
 - o 1 half-time audiovisual/information technology support position; his hours were mostly topped up by Regional Operations and IT for additional work at the Prince George campus in 2013.
- Wilp Wilxo'oskwhl Nisga'a Institute (WWNI) serves post-secondary students in the Nass Valley, and UNBC-NW provides support services for them (e.g., internal mail, assistance with registration); some of our students take their courses and vice versa
- Each year, several Northern Medical Program students complete clinical internships in the Northwest Region; Susan Moldenhauer is based at the Mills Memorial Hospital in Terrace to coordinate.

Public Presentations: A biweekly series of public lectures and forums for public discussion are sponsored by UNBC-NW at the Terrace Campus:

- Katherine Pim & Rauchene Spearing: "HIV Prevention" (January 30, 2013)
- Amanda Marshall: "Salvaging the Past, Bridging the Present: Archaeological Discoveries at Cedarvale, BC" (February 13)
- Greg Knox: "Collaborative Salmon Habitat Monitoring: A Tool to Assist Cumulative Effects Assessment in the Skeena Watershed" (February 27)
- Bruce Bidgood: "Have You Stopped Abusing Your Wife Yet: The Social Construction/Deconstruction of Abusive Image in a Mutual Aid Group for Male Batterers" (March 13)
- Carla Burton: "Traditional Plant Knowledge in Northwestern B.C." (March 20)
- Matt Beedle: Showing the documentary film, "Chasing Ice" (March 21)
- Emily McGriffin: "Ecosystem Valuation" (April 3)
- Amy Klepetar: "Greening the Curriculum: A Case Study in Nursing" (April 10)
- Amy Klepetar, Verna McDonald, & Phil Burton (panelists): "Academics Respond to Potential Impacts of Increased Sulfur Dioxide (SO₂) Emissions on Terrace, BC" (April 22); jointly sponsored by the Greater Terrace Food Association
- Margaret Anderson: "Indigenous Language Revitalization" (April 24)
- Chris Johnson & Don Morgan: "Resource Management and Conservation Practice in the 21st Century: Addressing the Cumulative Effects Quagmire" (June 26); jointly sponsored by the Kalum Land and Resource Management Plan Implementation Committee
- Eden Robinson (UNBC Writer-in-Residence): Readings from works in progress. (September 18)
- John Krisinger: "Biology of Vitamin D as it Relates to Health and Disease" (October 2)
- Gordon Weary: "Field Schools and Experiential Learning" (October 16)
- Amy Klepetar: Showing of the documentary film, "Toxic Trespass" (October 30)
- Judy Thompson: "Tahltan Language Revitalization" (November 13)
- Maureen Atkinson: "The CBC Radio Archives Project" (November 26)
- Phil Burton: "Environmental Ethics of Ecological Restoration (December 11)

Events and Celebrations (selected):

- Solstice and Equinox celebrations organized by the Aboriginal Services Coordinator
- Northwest Region faculty and staff participated in discussions (January 22, 23) in support of a Regional Operations Review (Scott Forrest visit, February 7), and at a Regional Operations Retreat in Prince George (April 24-25)
- Local book launch for "Human Security in World Affairs: Problems and Opportunities" edited by Northwest Region Professors Alex & Sabina Lautensach, published by Caesarpress, Vienna (March 12, 2013)
- UNBC-NW representatives invited to participate on Northwest Community College's First Nations Council
- Hosted Northwest Regional Advisory Council meetings (March 27, October 28)
- Green Action Committee (with faculty, staff and student representation) active in promoting recycling, a new organic waste composting initiative, and purchase and planting of fruit trees and berry bushes on the campus grounds

- Hosted information and recruitment booths at local job, trade, and community fairs (March 20, April 19, May 21, September 7-8)
- Held a 1-day visioning retreat for Northwest faculty and staff (May 23)
- Regional Convocation ceremonies were held at the R.E.M. Lee Theatre in Terrace, followed by a reception at the UNBC Campus for the 52 graduates and guests (June 3)
- Several Northwest Region faculty and staff participated in Convocation ceremonies organized by the WWNI in Gitwinksihlkw as well (June 4)
- "Welcome Back" barbeque for students (September 4)
- Co-hosted a "Quantum Leaps" workshop, promoting careers in science and technology for high school girls; with the Northwest Science and Innovation Society (November 12)
- Faculty and staff members serve in different capacities on several community, professional, academic and governmental committees including: Terrace City Council, Kitimat-Terrace Industrial Development Society, Northwest Science and Innovation Society, Northwest Labour Market Partnership, Greater Terrace Food Association, Training Resources in Action for Industries in the Northwest (TRAIN), Bulkley Valley Research Centre

New Program Initiatives

- UNBC Northwest Region continues to build close relationships with NWCC, working closely with administrators and program heads at NWCC to ensure that students have a seamless transition to the UNBC programming (e.g., Bachelor of Education, etc.)
 - We have also met with NWCC representatives to explore laddered programs based on their Applied Coastal Ecology (ACE) program in Prince Rupert, and their School of Exploration and Mining (SEM) in Smithers.
- With repeated requests from Northwest Region and the CSAM Dean, the School of Business has agreed to start making 300-level Accounting courses available by video-conferencing, starting in September 2014.
 - This is the first step in developing pathways for a full B.Comm. degree in the Northwest, and we are looking for another one or two courses to supplement Accounting.
- We continue to make it known to the Kitselas and Kitsumkalum communities, and to NWCC, that UNBC would be willing to offer a program in Tsimshian (Sm'algyax) Language and Culture, leading to a certificate, diploma, and even DSTC recognition.
 - Unfortunately, there is disagreement in the communities about the appropriate Language Authority, and a declining pool of instructors and fluent speakers on which to draw.
- UNBC Continuing Studies offerings at the Terrace Campus are increasing, in part to meet the demand associated with elevated industrial activity in the region.
 - Offerings in 2013 included Certificate in Project Management, Erosion Control, Environmental Monitoring, Security, Wildlife/Danger Tree

- Assessment, Mental Health, and Certificate in Geographic Information Systems (GIS).
- We are exploring (and encouraging) Continuing Studies courses that offer university credit, and hence a foot in the door to UNBC admission and academic programs.

- b. Aleza Lake Research Forest Field Education Centre under construction this summer, grand opening in 2015 (funded completely with donations)
- c. Total donations up YTD by about 25% showing continued growth year over year.

 Donations to NMPT at the Ewert event (April), and Timberwolves golf tournament (June) are the main contributors. These are UNBC's two major fundraising events and raised more funds for UNBC with greater participation than previous years
- d. Giving to student awards has increased, largely due to the proposed Nordic Ski endowment, memorial awards, and new annual awards.
- e. Pledges not previously reported on, but have grown in number and size. YTD pledges are \$195,000 compared to \$46,500 previous fiscal

2. Communications with Stakeholders:

- a. External Relations regularly distributes communiqués to northern government officials (municipal, provincial, federal), donors, and influencers on UNBC developments. Recent messages were distributed on the Green building award (June 2), the anniversary of the UNBC act (June 22), the appointment of Daniel Weeks (July 28), Mark Dale's appointment as Dean of Regions (Aug 21), the invitation to the 25th anniversary kick-off (Aug 25), and the 25th anniversary kick-off "day-in-review" (Sept 3).
- b. R. van Adrichem represented UNBC in an accreditation review of Northern Health.
- c. UNBC hosted the opening reception for the International Bioenergy Conference and Exhibition in June. More than 200 delegates attended, including key donors and prospects.
- d. Regional reports were produced and distributed in June featuring local graduates, award-winners, and course offerings.
- e. A Memorandum of Understanding was signed with the Canada Winter Games in August.
- f. A retreat was held in late August with the directors of the Northern Medical Programs Trust and a variety of stakeholders from a cross-section of health education and delivery. The purpose of the retreat was to review the Trust's disbursement model and its alignment with the goals of the Trust: to partner in the delivery of health education and support students. The Trust is an important vehicle for increasing the number of healthcare professionals in northern communities. The outcomes of the retreat will be presented during a meeting with NMPT members at the UBCM meeting in September.

3. Government and Political Relations:

- a. Meetings with municipal government representatives included:
 - i. The City of Prince George named a local park after the late Bob Martin. Mr Martin was a supporter of post-secondary education and his wife Anne served as vice-chair on UNBC's Board of Governors from 1993-1997. R. van Adrichem and C. Dillabaugh attended the naming event.
 - ii. 25th Anniversary Manager K. Hayhurst and R. van Adrichem met with City of Prince George representatives on August 26 to discuss complementarity between UNBC's anniversary and the City's centennial.
 - iii. M. Dale held introductory meetings with Mayor David Pernarowski of Terrace, Mayor Mary Sjostrom of Quesnel, Mayor Stephanie Killam of Mackenzie, Mayor Joanne Monaghan of Kitimat, as well as Joan Burdenuik and Emily Colombo, Fort St James City Councillor and Deputy Corporate Officer.
- b. Meetings with provincial government representatives included:
 - D. Weeks and R. van Adrichem met with MLAs Shirley Bond and Mike Morris for an introductory meeting.
 - ii. Regional MLAs Mike Bernier, Mike Morris, Shirley Bond, and John Rustad attended the kick-off for the 25th anniversary.

- iii. E. Bray met with: Peter Bourne, Exec. Director of Financial Audit regarding audit of capital procurement; and with Verna Sit and Brent Morgan regarding WIDC.
- iv. M. Dale met with: Sandra Carroll, Minister Amrik Virk, and Claire Avison regarding the Core Review; Bobbie Plecas, Assistant Deputy Minister regarding physiotherapy; Tony Loughran and Nicola Lemmer of Advanced Education regarding WIDC; Deb Hull of MAVED regarding Northern FTEs, regions and first nations; and, together with E. Bray, with Deputy Minister Athana Mentzelpoloulos, George Farkas and Tim McEwan of JTST regarding ministry and UNBC relations.
- v. R. Bird Met with Mike Morris regarding leveraging provincial funding with the federal government

4. UNBC's 25th Anniversary

- a. The kick-off occurred on September 2 and included the announcement of the energy expansion, the announcement that the Canada Winter Games will hold its closing ceremony at UNBC, and a tree-planting recognizing the past, present, and future of UNBC. A number of founders, including founding employees, participated in the student orientation. A link to a summary of the day, which included photos and a video, was emailed to donors, alumni, government officials, and other supporters.
- b. The visual identity of the 25th anniversary was rolled out on campus and on street banners leading up University Way. Street banners are also being installed around UNBC campuses in Quesnel, Fort St. John, and Terrace. The visual identity is also being presented on various items in the Bookstore and on the Athletics uniforms for 2014-15.
- c. A visual history timeline has been mounted on the windows in the dining hall, echoing a history timeline presented in the 25th anniversary website.
- d. A project to connect with the 16,000 was launched online and in Update magazine, along with a campaign to photograph members of the 16,000 with their children or grand-children who have graduated from UNBC.
- e. Pacific Western Brewing has unveiled a special beer to commemorate the 25th anniversary, the City's centennial, and the 2015 Canada Winter Games.

VICE-PRESIDENT, RESEARCH BOARD REPORT — SEPT 2014

ACTIVITIES EXTERNAL TO UNBC DURING THE PAST THREE MONTHS

University Delegates (June 6, Ottawa)

The Canadian Institutes of Health Research organizes an annual meeting with Canadian university delegates to inform and receive feedback about the changes in funding programs and modify their strategies. As the UNBC delegate I participated in this meeting.

ACCRU Meeting (June 12-13, Ottawa)

This is an association which brings Canadian comprehensive research universities together to discuss emerging issues as well as to develop strategies to influence Federal funding agencies. The agenda items included Tri-Council updates, role of the VP Research in an academic institution, Research Metrics Measuring impacts, Entrepreneurship and Incubation models.

This face to face meeting with funders and other VPs of Research is important for developing partnerships and to be included in the decision making process at the Federal level.

Resources North Association AGM & Presentation (June 17-18)

I have been elected to the Board of Resources North Association. During their AGM I was invited to give a talk on "Cumulative Environmental Impacts". I attended the entire session and used the event to network with other community and industrial partners. The Office of Research had a table to showcase UNBC Research and to network with participants.

Meeting with NSERC CREATE - Dr. Charest & Mr. Norman Marcotte (July 23, Ottawa)

The NSERC CREATE program provides funding to support a value added training program to graduate students which is normally not provided through the regular program. This is a highly competitive program. I met with the specific NSERC officials to learn about how and if the evaluation criteria may have changed at the committee level and to share the needs we have in Northern British Columbia. My visit was positive and we will be submitting letters of intent for the next competition.

Meeting with Industrial Research Chairs Program – Mr. Roger Delisle (July 23, Ottawa)

This program is vital to UNBC for building research clusters in specific areas. In addition to a discussion about financial requirements to establish a research chair, I had the opportunity to discuss partnership funding opportunities with industries.

Meeting with the Executive VP Research, Dr. Ted Hewitt Social Sciences and Humanities Research Council (July 23, Ottawa)

This meeting was to touch base with Dr. Hewitt about SSHRC's future direction and to discuss briefly how to increase the success rate of UNBC applications in various competitions.

GROW Conference (August 20-22, Whistler)

An excerpt from the GROW conference follows: "GROW is an experiential playground exploring the future of innovation, growth and entrepreneurship. It unites leading tech entrepreneurs, investors, executives, and creatives from Silicon Valley and across North America who are passionate about identifying problems worth solving. This year over 1000+ attendees descended upon Whistler Village to explore how a connected world will impact society, innovation, business our privacy and lives."

The majority of the attendees at this conference were young entrepreneurs. The conference had energy and was inspiring. Entrepreneurial training has become the direction of many universities including

those in BC. This conference, and several of the attendees from Canada and around the world, reminded me of the need to explore and provide similar opportunities for our UNBC students. Partnering with other regional and community leaders to create the culture for people in the North is critical to the sustainability of the quality of life in Northern BC.

The conference showcased a number of innovations that were relevant to the day-to-day life of individuals. Among the panel discussions, innovative approaches to teaching were briefly mentioned.

Meeting with Mr. Mike Morris (August 27)

This meeting was to discuss the possibility of leveraging provincial funding with the Federal government. Other opportunities such as increasing the visibility of UNBC in the North and attracting more students became part of the discussion. One topic of mutual interest was putting more emphasis on innovation in teaching, research and undergraduate training.

SELECTED ACTIVITIES INTERNAL TO UNBC

CFI Innovation Fund

The Office of Research worked with a group of researchers to prepare a submission to secure funding for research infrastructure applicable to natural resources. The total request for funding from the Federal government was approximately 1.3 million. A similar application has been submitted to the BC Knowledge Development Fund for 1.3 million. The success rate for this competition is 15-20%. The application consisted of 10 principle users and approximately 15 collaborators.

BCIC Tall Wood Chair Approved

UNBC was successful in securing 2.25 million to establish the Tall Wood Chair. The funding has been received and steps are being taken to advertise the position and secure additional funding to ensure that the financial needs of the incoming Chair are met.

College of New Scholars, Artists and Scientists

The Office of Research prepared two nominations for this prestigious award. We were informed that we had one successful nomination and the official announcement will take place in October 2014.

Royal Society of Canada Lecture Series

UNBC has accepted an invitation to host the Royal Society of Canada's Romanowski Lecture Series presented by Dr. John P. Giesy's recipient of the 2013 Miroslaw Romanowski Medal and Canada Research Chair in Environmental Toxicology, University of Saskatchewan. Dr. Giesy's talk is titled: Toxicological Evaluation of Perfluorooctane (PFOS) in the Environment: Anatomy of an Environmental Issue.

Beginning in 2002, the Romanowski Lecture Series informs Canadians of recent advances in research and technology in the environmental sciences based on the lecturer's particular knowledge and expertise. The lectures series is organized in exclusive collaboration with the Institutional Members of the Society.

This event will take place on October 23, 2014 at 5:00pm in the Canfor Theatre.
