IWAU/GLOBAL FRIDAY/NRESi Joint COLLOQUIUM

Hon. Elizabeth May
Leader—Green Party of Canada

Where does the Paris Agreement get us? Are we still in a climate emergency?

We are two years out from the successful negotiations at COP21 in Paris. Justin Trudeau claims that Canada is now a climate leader. Are we? And Donald Trump claims the USA has withdrawn from the Paris Agreement. Has it?

What is the best way for citizen activists to engage to ensure Paris targets are met.
