

Public Presentation – Terrace Campus

January 25th, 2017 12:00 pm – 1:00 pm

A Visual Skeena River Historic Journey! *"From the past to the present"*

We will take you back in time during a historical visual presentation that will explore some of the most unique and interesting sites and features along the Skeena River from Hazelton to Prince Rupert. The Skeena has some of the richest history and remnants anywhere. From First Nations to Sternwheelers with Canneries in between this region has such a diverse array of places that still remain that can take us back in time! A variety of current and historical photos will be used to provide a glimpse into this amazing region's past.

Rob Bryce – UNBC Continuing Studies coordinator leads a series Northern BC focused Educational Adventure Tours of which many take place in Northwest BC. These include Ghost Towns of Northwest BC, Skeena River Historical Journey, Canneries of the North Coast and The Port Essington Experience.

This session will also be available via livestream:
