

15,216

Number of glaciers studied

0.45 m

Average annual ice wastage over all glaciers expressed in water depth

5 TB

Volume of processed satellite data

15,500

Number of Digital Elevation Models

14,341 (km²)

Total glacier area

Contribution of ice loss to sea level: 0.32 mm over the period 2000-2018:

0.32 mm
