

Program Planning Guide

Bachelor of Science: Forest Ecology and Management

YOUR COURSE PLANNING: This worksheet has been created as a guide for admitted students. Note, your course planning may look different than another student; this worksheet has been designed for students wishing to complete their program within a four-year timeline. Students may elect to take part-time studies or a reduced course load. Refer to the <u>Undergraduate Academic Regulations</u> within the Undergraduate Calendar for more information.

For requirements that have a "pick list" (i.e. *choose one of*) please visit the Undergraduate Calendar to see a detailed list. The list or requirements may change, so please ensure you follow the appropriate requirements (<u>the 2025-2026 Undergraduate Calendar</u>). After July 1, 2025, you can find the calendar in a <u>PDF format</u>.

STAT 240	3					3		
				-		3		
					Total Credit Hours	123		

BREADTH REQUIREMENT: Students pursuing a BSc Forest Ecology and Management are exempt from this regulation as <u>academic breadth</u> has been incorporated within the curricula.

UNDERGRADUATE CALENDAR: It is the student's responsibility to be aware of all University of Northern British Columbia <u>Undergraduate Calendar</u> regulations. Academic regulations, program information, course information, and pre-requisites can be found in this document.

RESIDENCY REQUIREMENT: Students must complete a minimum of 30 credit hours of upper division UNBC course work to receive a UNBC degree.

TIME LIMIT: Except by permission of the Dean, students must complete their undergraduate degree program within 15 years of their first semester of registration.

EFFECTIVE SEPTEMBER 2025

NOTE: Although every attempt has been made to ensure the information on this worksheet is accurate, in the case of any discrepancy the Academic Calendar shall be considered the authority. This program planning worksheet is an unofficial planning tool for students new to UNBC and for students in a non-competitive entry program. Once your program has been declared, please use your degree evaluation as it is the official degree program-tracking document. You can find more information about your degree evaluation and how to run one at unbc.ca/advising.

Course Notes

- *Applications for exemption from NREM 100 must be made within the first year of study.
- **NREM 333 must be completed at UNBC.
- Students without Pre-Calculus 12 (high school) may register in MATH 115 as a prerequisite for MATH 152, and co-requisite for CHEM 100/CHEM 120.
- Forest Ecology and Management students are required to complete a minor as part of their degree. Please see the <u>BSc Forest Ecology and Management</u> <u>calendar entry</u> for a list of eligible minors. Please contact the Student Advisor for course and progression planning.
- Students must complete NRES 421 and NRES 422, or NRES 430. Both NRES 422 and NRES 430 require a faculty supervisor and Program Chair approval. Please consider this in advance of this requirement.
- While minimum total credit hour total for program completion is 123, students may exceed that with minor requirements, depending on selection.

Advisor Notes

STUDENT ADVISING: Is available by phone, email, or in person. To book an appointment, or to see when drop-ins are scheduled, please contact <u>advising@unbc.ca</u> or call 250.960.6306.

DEGREE EVALUATIONS: The <u>Degree Evaluation</u> is an interpretation of the Undergraduate Calendar for the year that you were admitted and helps display the requirements needed for your program.

DOUBLE MAJORS: Students who are considering a double major should speak with their Student Advisor as soon as possible.

MINORS: To see available minors, please refer to the <u>Declaration of Minor form</u> or look in the Program pages of the <u>Undergraduate</u> <u>Calendar</u>. Minors are a structured way to use your electives while also completing a secondary concentration.
