| Moving Alberta Forward (2011) | | |

#### REQUIRED INTEGRATION

**South Saskatchewan Regional Plan, p.3:** Municipal governments under part 17 of MGA are delegated with responsibility and authority for local land-use planning and development on all lands within their boundaries; this includes creation of development plans, area structure plans and land-use bylaws. Under the SSRP delegated authority remains with municipalities; however, municipal planning and development decisions “will have to be” in alignment with the regional plan.

#### REGIONAL
