

Wildlife Dangerous Tree Assessor Certificate Program

Dates

Spring/Summer 2019

Details

3 Certificates

The Wildlife Dangerous Tree Assessor Certificate Program consists of three modules that provide certified training in proper assessment and procedures for resolving wildlife dangerous trees in specific forestry and industry-related operations.

Forest Harvesting & Silviculture Certificate

The Forest Harvesting & Silviculture Module teaches students to identify wildlife trees and assess the necessary steps to ensure worker safety and habitat protection when operating around wildlife or dangerous trees. The knowledge and techniques learned in this course are applicable to workplace activities in forestry operations, silviculture, oil and gas, and road construction/deactivation.

Parks & Recreation Certificate

The Parks & Recreation Module is developed and designed specifically for parks and recreation sites, and municipal settings such as urban parks, where exposure to potentially dangerous trees may occur.

Wildland Fire Safety Certificate

This Wildland Fire Safety Module provides students with the knowledge and technical procedures for assessing tree hazards and establishing appropriate safe-work practices in situations where there is potential exposure from dangerous trees to workers on the fire line. It also provides information on assessing both tree hazards and wildlife-tree habitat value, where opportunities exist.

2019 Program Schedule

Forest Harvesting & Silviculture Certificate

<i>Terrace</i>	<i>Apr. 24 - 25</i>
<i>Vernon</i>	<i>Apr. 29 - 30</i>
<i>Kamloops</i>	<i>Apr. 29 - 30</i>
<i>Williams Lake</i>	<i>May 2 - 3</i>
<i>Prince George</i>	<i>May 13 - 14</i>
<i>Kamloops</i>	<i>May 13 - 14</i>
<i>Quesnel</i>	<i>May 16 - 17</i>
<i>Lytton</i>	<i>May 16 - 17</i>
<i>Fort St. John</i>	<i>May 22 - 23</i>
<i>Cranbrook</i>	<i>June 3 - 4</i>

Parks & Recreation Certificate

<i>Whistler</i>	<i>Mar. 6 - 7</i>
<i>Campbell River</i>	<i>Mar. 14 - 15</i>
<i>Campbell River</i>	<i>Mar. 21 - 22</i>
<i>Vancouver</i>	<i>Mar. 26 - 27</i>
<i>Fort St. John</i>	<i>Apr. 16 - 17</i>
<i>Vernon</i>	<i>Apr. 25 - 26</i>
<i>Prince George</i>	<i>May 6 - 7</i>
<i>Cranbrook</i>	<i>May 27 - 28</i>

Wildland Fire Safety Certificate

<i>Duncan</i>	<i>Mar. 7 - 8</i>
<i>Vernon</i>	<i>Apr. 4 - 5</i>
<i>Kamloops</i>	<i>Apr. 23 - 24</i>
<i>Vernon</i>	<i>May 1 - 2</i>
<i>Kamloops</i>	<i>May 6 - 7</i>
<i>Burns Lake</i>	<i>May 9 - 10</i>
<i>Nelson</i>	<i>May 30 - 31</i>
<i>Prince George</i>	<i>June 3 - 4</i>
<i>Clearwater</i>	<i>June 4 - 5</i>
<i>Cranbrook</i>	<i>June 5 - 6</i>
<i>Quesnel</i>	<i>June 6 - 7</i>
<i>Barriere</i>	<i>June 11 - 12</i>
<i>Valemount</i>	<i>June 18 - 19</i>

Course prerequisites – mandatory for all modules:

- Three or more years of practical field experience in the area of forestry, resource management, parks management, wildland fire protection, arboriculture, or a related field
- Grade 10 equivalency in reading, writing and arithmetic skills (including the ability to calculate percentages)
- Ability to identify tree species native to BC
- Proven forestry measurement skills (including ability to determine tree diameter, height, lean, stem cross-section, and skill in distance measuring)

In addition to the above, for attending the Fire Module:

- Persons must demonstrate that they have recent fire-line experience (at least 10 days over the previous 2 years);
OR
- Persons must have a minimum of 5 days of documented dangerous tree assessment experience (e.g. harvesting/silviculture, parks, wildfire operations) in the previous calendar year
