## Scholar Activism in Action: Solidarity with Mining Resistance in Guatemala

September 16, 2022

Co-editors of the new book *Testimonio*,\* Catherine Nolin and Grahame Russell draw on over thirty years of community-based research and direct community support work in Guatemala to expose the state machinery that benefits the Canadian mining industry—a staggeringly profitable juggernaut of exploitation, sanctioned and supported every step of the way by the Canadian government. This edited collection calls on Canadians to hold our government and companies fully to account for their role in enabling and profiting from violence in Guatemala. The text stands apart in featuring a series of unflinching testimonios (testimonies) authored by Indigenous community leaders in Guatemala, as well as wide-ranging contributions from investigative journalists, scholars, lawyers, activists, and documentarians on the ground. Catherine will share her own experiences with activist research and discuss the new book.
