The meeting commenced at 2:30 p.m. Dr. Iwama welcomed new Senators to the meeting.

1.0 \textbf{S-201204.01} \\
\textbf{Approval of the Agenda} \\
Kitchenham / Annis \\
That the agenda for the April 26, 2012 Public Session of Senate be approved as presented. Dr. Dale indicated that the Faculty Association had requested that motion S-201204.22 (revisions to Senate Handbook — Merger of Senate Committee on Academic Policy and Planning and Senate Committee on research and Graduate Studies) be postponed until it could be discussed further.

\textbf{Motion:} \\
Casperson / Whitcombe \\
That motion S-201204.22 be removed from the agenda. \\
CARRIED.

The main motion was also CARRIED.

2.0 \textbf{S-201204.02} \\
\textbf{Approval of Senate Minutes} \\
Hutchings / Hartley \\
That the minutes of the March 21, 2012 Public Session of Senate be approved as presented. \\
CARRIED.
3.0 Business Arising from Previous Minutes of Senate

3.1 Follow-up on question related to letter regarding Mathematical, Computer, and Physical Sciences degree

Dr. Hartley provided a report on the status of this situation. The University needs to provide the Ministry with evidence that the degree UNBC has been conferring meets the requirements of the degree that was approved by the Ministry’s Degree Quality Assessment Board. This letter needs to be given to the Ministry by the end of May, and the University will then await a response from the Ministry after they meet in June. Dean Hartley agreed to present Senators with an update at the June meeting of Senate. A Senator recommended that students graduating this year be given parchments and transcripts noting the name of the current degree. Dean Hartley responded that he would be discussing this detail with the Ministry. Dr. Mandy, Graduate Program Chair for the MCPS Program, noted that the Ministry has told the University that parchments can be reissued with the updated degree name.

Dean Hartley thanked those involved for their assistance in investigating this matter, and Dr. Iwama thanked Dean Hartley for his work to resolve the issue.

**Action:** Dean Hartley to provide Senators with an update on the status of the MCPS Degree at the June meeting of Senate.

4.0 President’s Report

Dr. Iwama apologized in advance for needing to depart the Senate meeting at 3:25 p.m. He invited Senators to observe a moment of silence for those affected by the Lakeland Mills disaster. Dr. Iwama then reported on the Wood Innovation and Design Centre, a meeting held at UNBC with the members of the Research Universities’ Council of British Columbia, and two UNBC undergraduate students who had received prestigious 3M awards (President’s Report attached to these minutes as “Appendix I”).

5.0 Report of the Provost

Following up on Dr. Iwama’s comments regarding the Wood Innovation and Design Centre and Engineering, Dr. Dale clarified that undergraduate engineering will not take place at the WIDC. He expects that a Master of Engineering (a one year by coursework degree) is what will be offered out of the Centre. UNBC will also be proposing an MSc in Engineering, which will enable the faculty members who will be appointed to teach in the Master of Engineering to have graduate students as part of the research endeavour. Dr. Dale anticipated that the graduate Engineering initiative will proceed and he will therefore bring a proposal for approval in principle of those two graduate degrees to the Senate Committee on Research and Graduate Studies, and Senate, in the near future. Dr. Dale indicated that the intention is to begin hiring faculty members for these programs in the summer of 2013.

6.0 Question Period

Several questions were posed. A Senator asked by what means UNBC could respond to the current labour shortage, especially the process for creating degrees in geophysics and geology, for instance. Dr. Iwama responded that these initiatives need to be championed, but also noted that, despite the labour shortage, the situation is problematic—students are not lining up at educational institutions to seek the training required to do these jobs. A Senator added that UNBC could do a better job of marketing its programs in the northeast region.

A question was raised with regard to some agreements that UNBC had entered into with Babine First Nation and Treaty 8 First Nations, focusing in particular on whether the agreements had been approved by Senate or been reviewed by the Senate Committee on First Nations and Aboriginal Peoples. Dr. Iwama agreed that these agreements hold important and far-reaching implications and suggested that Dr. Fondahl should be asked to report on these agreements at the next meeting of Senate.

**Action:** Ms. Myers to relay this request to Dr. Fondahl.
7.0 Approval of Motions on the Consent Agenda
Casperson / Whitcombe
That the motions on the consent agenda, except for those removed for placement on the regular agenda, be approved as presented.

Senators requested that motions S-201204.05 and S-201204.13 be removed from the consent agenda.

The motion to approve the consent agenda, as amended, was CARRIED.

8.0 Committee Reports

8.1 Senate Committee on Academic Policy and Planning

“For Approval” Items:

S-201204.04
Changes to Program Requirements — Joint Major in Anthropology and Geography
Casperson / Whitcombe
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Joint Major in Anthropology and Geography, on page 72 of the 2011/2012 undergraduate calendar, be approved as proposed.
Effective date: September 2012
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Joint Major in Anthropology and Geography (BA)
The minimum requirement for completion of a Bachelor of Arts with a Joint Major in Anthropology and Geography is 120 credit hours.

Program Requirements
Recommendation

ANTH 102-3 Anthropology: A World of Discovery

Students wishing to pursue graduate degrees in Anthropology or Geography are encouraged to take additional anthropology or geography courses up to 90 credit hours.

Lower-Division Requirement

ANTH 100-3 Archaeological and Biological Approaches
ANTH 101-3 Peoples and Cultures

One of:

ECON 100-3 Microeconomics
ECON 101-3 Macroeconomics

- GEOG 420-3 Geographies of Environmental Justice

21 additional credit hours of upper-division courses in any subject

Elective and Academic Breadth

Elective course hours as necessary to ensure completion of a minimum of 120 credit hours, of which at least 21 credit hours must be at the 300 and 400 level including any additional credit hours necessary to meet the Academic Breadth requirement of the University (see Academic Regulation 15).

S-201204.05
Changes to Program Requirements — Major in Psychology
Whitcombe / Hutchings
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Major in Psychology program requirements, on page 173 of the 2011/2012 undergraduate calendar, be approved as proposed.
Effective date: September 2012

Not intending to single out the Major in Psychology, a Senator expressed concern at the fact that some degrees only require students to take 12 courses at the upper-division level. The Registrar responded that the residency requirement is that students take 30 upper-division credit hours, partly because students transferring to UNBC may come in with up to 90 credit hours. Another Senator added that the number of required upper-division credit hours may be low as a result of potential difficulty obtaining prerequisites. Dr. Dale suggested that this issue be added to the agenda of the Senate Committee on Academic Policy and Planning for discussion.

Action: Ms. Myers to add this item to the agenda for the next meeting of the Senate Committee on Academic Policy and Planning.

CARRIED.
Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Major in Psychology

Undergraduate students are required to take 17 Psychology courses (53 credit hours). Of these, at least 12 (38 credit hours) must be upper-division courses.

The minimum requirement for completion of a Bachelor of Science with a major in Psychology is 122 credit hours.

Program Requirements

Lower Division Requirement

100 and 200 Level

- **CPSC 150-3** Computer Applications
- PSYC 101-3 Psychology as a Science
- PSYC 102-3 Psychology and Human Problems
- PSYC 215-3 Research Design and Methodology in Psychology I

Two additional Psychology 200-level courses

Note: It is strongly recommended that students planning to major in Psychology select at least one elective course in Mathematics and one in Biology within the first two years.

Upper Division Requirement

300 and 400 Level

- PSYC 315-4 Design and Analysis of Psychological Research I
- PSYC 316-4 Design and Analysis of Psychological Research II

Two of:

- PSYC 307-3 Motivation and Emotion
- PSYC 317-3 Psychobiology
- PSYC 318-3 Sensation and Perception
- PSYC 320-3 The Psychology of Learning
- PSYC 330-3 Cognition

Two of:

- PSYC 301-3 Social Psychology
- PSYC 303-3 Introduction to Abnormal Psychology
- PSYC 306-3 Theories of Personality
- PSYC 309-3 Introduction to Health Psychology
- PSYC 345-3 Lifespan Development

One of:

- PSYC 442-3 Methods in Developmental Psychology
- PSYC 445-3 Methods in Perception and Psychophysics
- PSYC 450-3 Tests and Measures
- PSYC 455-3 Methods in Social Psychology
- PSYC 460-3 Methods in Cognitive Psychology
- PSYC 470-3 Psychophysiology
- PSYC 475-3 The Evaluation of Social Programs
- PSYC 480-3 Critical Analysis in Psychology and the Health Sciences
- PSYC 485-3 Current Topics in Psychological Research

Fifteen credit hours of 300- or 400-level Psychology courses, of which six credit hours must be at the 400 level.

Elective and Academic Breadth

Electives at any level in any subject sufficient to ensure completion of a minimum of 122 credit hours including any additional credits necessary to meet the Academic Breadth requirement of the University (see Academic Regulation 15).
BSc Honours - Psychology
Honours students are required to complete 122 credit hours. Students must successfully complete the 56 credit hours for the Psychology BSc program, 54 credit hours of electives and 12 credit hours from the courses listed below.

PSYC 490-3 Honours Thesis I
PSYC 495-3 Honours Thesis II
PSYC 497-3 Senior Seminar
and one additional 400-level Psychology course.

S-201204.06
Changes to Calendar Description — BSc Honours - Biology
Casperson / Whitcombe
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the calendar description of the BSc Honours - Biology be approved as proposed.
Effective date: September 2012
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

BSc Honours-Biology

The Honours in Biology offers students a higher level of education and substantial research experience for proceeding to post graduate studies. recognizes undergraduate students who both excel at their studies and who complete the Undergraduate Thesis (normally NRES 430-6).

To be admitted to enter the Honours degree program Program, students must have completed 60 credit hours and obtained a minimum Cumulative GPA of 3.33. Attaining the minimum Cumulative GPA requirement will does not guarantee admission entry into the Honours pProgram, which will be is at the discretion of the Ecosystem Science and Management Program. Maintenance of a Cumulative GPA of 3.33 is required to remain in the Honours Program.

Honours students are required to complete the degree requirements for the BSc in Biology. In addition, each student must also complete an additional six 6 credit hours in the form of an undergraduate thesis chosen from NRES 430-6, ENSC 430-6, or BCMB 430-6 under the supervision of a Faculty member. Students are responsible to find their own undergraduate thesis research supervisor. Faculty members are under no obligation to supervise honours students.

Note: Students are responsible for finding their own undergraduate thesis research supervisor. Faculty members are under no obligation to supervise Honours students.

S-201204.07
Approval of New Honours Degree Program — Bachelor of Science in Computer Science (BSc) Honours
Whitcombe / Zahir
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new Bachelor of Science in Computer Science (BSc) Honours program be approved as proposed.
Proposed start date: January 2013
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Senate Public Session Minutes – April 26, 2012
Entry to the Computer Science Honours Program takes place after completion of 60 credit hours and requires a minimum Cumulative GPA of 3.33 over the previous 30 credit hours, and the permission of the Department Chair. Candidates are required to consult with their Student Advisor prior to entry to the program. Attaining the minimum requirement does not guarantee entry to the Honours Program, which is at the discretion of the Department and depends on the availability of a supervisor. Faculty members are under no obligation to supervise Honours students. To remain in the Honours Program requires the maintenance of a minimum Cumulative GPA of 3.33.

To be awarded the BSc Honours degree students will

- complete 120 credits hours required for a BSc in Computer Science
- complete an additional 6 credit hours of CPSC 491 and an undergraduate thesis under the supervision of a faculty member
- complete Math 371

**S-201204.08**  
Approval of New Course — CPSC 430-(3,6)  
Casperson / Whitcombe  
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 430-(3,6) Undergraduate Thesis, be approved as proposed.  
Proposed semester of first offering: January 2013  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 430-(3,6) Undergraduate Thesis:**  
This undergraduate thesis allows students to examine and research a topic in the field of computer science. Students must have completed at least 90 credit hours and be computer science majors. This thesis may be taken in one or two semesters. CPSC 430 is normally taken over two semesters and requires that a student find an Undergraduate Thesis research supervisor. Therefore, students are encouraged to apply to potential supervisors well in advance of completing 90 credit hours. This course may be repeated for a total of 6 credit hours.

**Prerequisites:** Honours standing and permission of the Instructor and Department Chair  
Prerequisites: Permission of the Instructor and Department Chair

**S-201204.09**  
Changes to Degree Requirements — Environmental Planning Majors (Major in Northern and Rural Community Planning, Major in First Nations Planning, and Major in Natural Resources Planning)  
Casperson / Whitcombe  
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the degree requirements for the Environmental Planning Majors (Major in Northern and Rural Community Planning, Major in First Nations Planning, and Major in Natural Resources Planning) in the 2011/2012 undergraduate calendar be approved as proposed.  
Effective date: September 2012  
CARRIED (consent agenda).

S-201204.10
Approval of New Honours Program — Natural Resources Management (Major in Wildlife and Fisheries)
Whitcombe / Kitchenham
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new Bachelor of Science Honours - Natural Resources Management for the major in Wildlife and Fisheries be approved as proposed.
Proposed start date: September 2012
CARRIED.
General Calendar Description:

BSc Honours-Natural Resources Management (Wildlife and Fisheries)

The Honours in Natural Resources Management (Wildlife and Fisheries) recognizes Undergraduate students who both excel at their studies and who complete the Undergraduate Thesis (normally NRES 430).

To enter the Honours Program, students must have completed 60 credit hours and obtained a minimum Cumulative GPA of 3.33. Attaining the minimum GPA requirement does not guarantee entry into the Honours Program, which is at the discretion of the Ecosystem Science and Management Program. Maintenance of a Cumulative GPA of 3.33 is required to remain in the Honours Program.

Honours students are required to complete the degree requirements for the BSc in Natural Resources Management (Wildlife and Fisheries). Each student also must complete a 6-credit Undergraduate Thesis (as part of their elective credits) under the supervision of a Faculty member.

Note: Students are responsible to find their own undergraduate thesis research supervisor. Faculty members are under no obligation to supervise Honours students.

S-201204.11
Approval of New Honours Degree Program — Physics
Hartley / Whitcombe
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new Honours Degree in Physics be approved as proposed.
Proposed start date: September 2013
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

General Calendar Description:

The Honours Program in Physics offers students a higher level of physics education and physics research experience for proceeding to postgraduate studies in physics or related fields. Honours students must complete the program requirements for the BSc degree in Physics (Major in Physics). In addition, they must complete PHYS 402 and submit for approval an undergraduate thesis or research project report under the supervision of a faculty member.

Students can seek entry to the Honours program after the completion of 60 credit hours with a Cumulative GPA of at least 3.33, and their continuance in the program also requires maintaining a Cumulative GPA of 3.33 or better. Entry to the Honours Program is at the discretion of the Physics Department.
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the requirements for the Major in Public Administration and Community Development, on page 134 of the 2011/2012 undergraduate calendar, be approved as proposed.

Effective date: September 2012

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and commentary, where included, in Courier New font within square brackets):

Major in Public Administration and Community Development

The Public Administration and Community Development major gives students the skills to function within a range of groups, organizations, and offices. The graduate is able to interact with appropriate professionals, receive their input and reports, and collate a wide range of information and material in service of their group/organization/office. Skills in analysis and synthesis are complemented by an ability to work cooperatively and effectively, and an ability to communicate clearly through written, oral, and graphic mediums.

The Public Administration and Community Development major requires completion of 120 credit hours, 48 of which must be at the upper-division level. At the 1st and 2nd year level (lower-division level), students must take the seven required courses and a minimum of one course from each of the seven focus categories. At the 3rd and 4th year level (upper-division level), students must take the four required courses and a minimum of one course from each of the seven focus categories. To complete the 120 credit hours, students must take 45 credit hours of electives, of which 18 credit hours must be at the upper-division level.

It is possible for students to organize their course choices (focus categories and electives) to achieve a “specialization” of course work, which requires 24 credit hours of courses (eight courses) from in one of the specialization lists following:

• Specialization in Local Public Administration
• Specialization in Aboriginal Community Development
• Specialization in Planning

ENPL 313-3 Rural Community Economic Development
ENPL 409-3 Advanced First Nations Community and Environment Planning
ENPL 419-3 Social Research Methods

S-201204.13
Changes to Undergraduate Academic Regulation 5 (Course Load)
Casperson / Murray
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to Undergraduate General Academic Regulation 5 - Course Load on page 53 of the 2011/2012 Undergraduate Calendar be approved as proposed.
Effective date: September 2012

Some Senators expressed concern that changing this regulation may allow some students to take up to 7 courses.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

5. Course Load

A full course load for a student is considered to be five courses (15 credit hours) in any one semester. Not more than 20 21 credit hours may be attempted in a semester except by permission of the Dean of the relevant College in which the student is majoring or has indicated an intention to complete a degree.

S-201204.14
Changes to Undergraduate Academic Regulation 31 (Repeating Courses)
Casperson / Whitcombe
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to Undergraduate General Academic Regulation 31 – Repeating Courses on page 56 of the 2011/2012 Undergraduate Calendar be approved as proposed.
Effective date: September 2012
CARRIED (consent agenda).
Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and commentary, where included, in Courier New font within square brackets):

31. Repeating Courses

Except by permission of the Dean Chair, students are allowed to repeat a course only once. Both grades are recorded on the student’s transcript, and only the higher (passing) grade will be calculated into a student’s GPA of either attempt and may be used for credit towards a credential of the degree and only that grade will be calculated into the GPA. In the case of more than one failed attempt, only the result of the later most recent attempt will be calculated into the GPA. Grade Point Average. In cases where the repeated course is a required course for a specific degree, two failed attempts may result in the student being required to withdraw from that degree program.

S-201204.15
Approval of Revisions to Document Entitled “External Reviews of Academic Units: A Reference Guide”
Hutchings / Hartley
That, on the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the document entitled “External Reviews of Academic Units: A Reference Guide” be approved as proposed.
Effective date: Immediately upon approval by Senate

Amendment:
Hutchings / Hartley
That the sentence “In the case of new programs, they will be reviewed in the fifth year” be added after the first sentence in the second paragraph under the heading entitled “2. The Review Process” on page 3 of 19 of the document.
CARRIED.

At 3:30 p.m. Dr. Iwama had to depart the meeting so the Chair was assumed by Senator Hutchings, Vice Chair.

It was suggested that the “Revision History” information on page 19 of 19 of the document be retained in the document rather than deleted. Dr. Dale was amenable to this suggestion.

The main motion was CARRIED.

“For Information” Items:

SCAPP201204.03
Changes to Calendar Course Description and Credit Hours — FNST 298-(1-3)
Casperson / Whitcombe
That the changes to the course description and credit hours for FNST 298-(1-3) Special Topics in First Nations Studies, on page 225 of the 2011/2012 undergraduate calendar, be approved as proposed.
Effective date: September 2012
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and commentary, where included, in Courier New font within square brackets):

FNST 298-(1-3) Special Topics in First Nations Studies

This course may be repeated to a maximum of 6 credit hours if the material is substantially different.

Prerequisites: Permission of the instructor and Department Program Chair
SCAPP201203.08
Changes to Calendar Course Description — NRES 430-6
Caspersen / Whitcombe
That the changes to the course description for NRES 430-6 Undergraduate Thesis on page 248 of the 2011/2012 Undergraduate Calendar, be approved as proposed.
Effective date: September 2012
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

NRES 430 - Undergraduate Thesis
Students must have completed at least 90 credit hours of study and be an NRES major. The thesis may be taken in one or two semesters of the senior year.

An undergraduate thesis offers students substantial research experience, which may be helpful for proceeding to postgraduate studies. The course requirements include conducting supervised research, writing a thesis, and presenting the results orally. Students taking this course would normally be majoring in Biology, Environmental Studies, Natural Resources Management (Forest Ecology and Management, Outdoor Recreation and Conservation, or Wildlife and Fisheries), or Nature-Based Tourism Management. NRES 430 is normally taken over two semesters and requires that a student find an Undergraduate Thesis research supervisor. Students are encouraged to apply to potential supervisors well in advance of completing 90 credit hours.

Prerequisites: Completion of at least 90 credit hours of study and permission of an Undergraduate Thesis research supervisor and a Program Chair.

8.2 Senate Committee on Research and Graduate Studies Fondahl / Hartley

“For Approval” Items:

S-201204.16
New Course Approval – SOCW 640-3
Caspersen / Whitcombe
That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course SOCW 640-3 Social Work Supervision and Leadership be approved as proposed.
Proposed semester of first offering: January 2013
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines leadership and supervision from a social work perspective and it also draws on interdisciplinary knowledge from related fields of practice in health, education, business, and human services. The course emphasizes social justice and the effective and responsible use of human and material resources. Components of supervision and leadership such as administration, support, education, clinical supervision, performance management, recruitment and retention of employees, organizational context, interdisciplinary practice, and problem solving are addressed in this course. The course also encourages the development of styles of leadership and supervision that are respectful and anti-oppressive in nature.
Changes to Regulation 1.9 (Permission for Undergraduates to Take Graduate Coursework)

Casperson / Whitcombe

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the Graduate Programs Admissions and Regulations, Regulation 1.9 (Permission for Undergraduates to Take Graduate Coursework), on page 37 of the 2011/2012 Graduate Academic Calendar, be approved as proposed.

Effective date: May 2012

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

1.9 Permission for Undergraduates Students to Take Graduate Coursework

1.9.1 Students in their final year of a Bachelor's degree program at the University of Northern British Columbia who have a grade point average of at least 3.33 (B+) in the last 30 credit hours of course work attempted and have completed all required lower-division course work may be permitted to register in a maximum of six credit hours of graduate courses at the Master's level with the recommendation of the Instructor and the Graduate Program concerned and with the consent approval of the Dean of Graduate Programs. If a student is subsequently admitted to a Graduate Program, graduate courses used for credit toward an undergraduate program cannot be used for credit toward a graduate program.

This policy gives academically strong undergraduate students the opportunity to experience graduate-level instruction without commitments being made by either the student or the University about admission into graduate programs, or academic credit being awarded for the courses if a student is subsequently admitted to a graduate program.

Please see the Graduate Studies Officer in the Office of the Registrar for further information.

Changes to Regulation 2.5 (Withdrawal from the University)

Casperson / Whitcombe

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the Graduate Programs Admissions and Regulations, Regulation 2.5 (Withdrawal from the University), on page 38 of the 2011/2012 Graduate Academic Calendar, be approved as proposed.

Effective date: May 2012

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

2.5 Leave of Absence or Withdrawal from the University

Students in degree programs who wish to withdraw, either temporarily or permanently, must do so formally in accordance to the following procedures. Requests for permanent withdrawal must be made to the Dean of Graduate Programs.

2.5.1 Leave of Absence Students who wish to request a leave of absence must apply using the Leave of Absence Form to the Dean of Graduate Programs, with supporting documentation from their supervisor, and with detailed documentation (e.g., a doctor’s note) explaining the need for such a leave. A leave of absence is granted for one semester only. Students must register for the next semester or request a further leave of absence. A student may normally have a leave of absence for no more than 3 semesters in a Master’s graduate degree program. Under exceptional circumstances and only as recommended by the supervisor and approved by the Dean of Graduate Programs, a further leave of absence may be granted. Students cannot undertake academic or research work nor use any of the University’s facilities during the period of leave. After the leave of absence is completed, students must register for the next semester. The transcript will record the notation: “Leave of Absence”.

2.5.23 Students who wish to withdraw from their Graduate Program and have their transcript indicate that they were in good standing when they withdrew, must apply using the Request to Withdraw Form in writing to the Dean of Graduate Programs, with supporting documentation from their supervisor. The transcript will record the notation:
"Withdrawn with Permission". The transcript of students who fail to notify the University of their intention to withdraw from their graduate program will record the notation: “Withdrawn without Permission”.

2.5.32 Time spent on an approved leave of absence (see Regulation 2.5.1) is not counted as part of the total time allowed for completion of the degree program (see Regulation 4.2).

2.5.4 The transcript of students who fail to notify the University of their intention to withdraw from their Graduate Program or who have not maintained continuity of registration in accordance with Regulation 2.2.1 will record the notation "Withdrawn without Permission.”

S-201204.19
Changes to Regulation 4.3 (Academic Performance)
Casperson / Whitcombe
That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the Graduate Programs and Admissions Regulations, Regulation 4.3 (Academic Performance), on page 40 of the 2011/2012 Graduate Academic Calendar, be approved as proposed. Effective date: May 2012
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

4.3 Academic Performance
A student who fails to meet academic standards, or whose thesis, project, practicum, or comprehensive examination is not progressing satisfactorily, may be required to withdraw by the Dean of Graduate Programs on the advice of the supervisor and supervisory committee.

4.3.1 Students must attain a semester grade point average of at least 3.00 ("B") for every semester in which they are registered. Individual programs may set higher standards. Any student with a semester grade point average below 3.00 will not be allowed to register in the next semester until their academic performance has been reviewed by their supervisory committee and continuation in their Graduate Program is recommended by the supervisory committee and approved by the Dean of Graduate Programs.

Students who were registered in one course in a semester that resulted in a semester grade point average less than 3.00 based on a B- grade may be allowed to continue in their graduate program. However, if the student's cumulative grade point average is lower than a 3.00, a continuance review is needed.

[Many graduate students are registered in one course in a semester and may receive a grade of B-. It is an acceptable grade at UNBC and therefore it should not be a reason for a continuance review. However, if the cumulative grade point average in the graduate degree is less than 3.00, and since CGPA=3.00 is required for graduation, a continuance review will be needed.]

4.3.2 Every A grade lower than "B-" of F in a course taken for credit in a Graduate Program must be reviewed by the supervisory committee and a recommendation must be made to the Dean of Graduate Programs concerning continuance of the student in the program. Such students will not be allowed to register in the next semester until approved to do so by the Dean of Graduate Programs.

[There is no grade lower than a B- for graduate courses except for the grade of ‘F’.]

4.3.3 Graduate students may not repeat graduate courses except under exceptional circumstances, and only with approval recommended by the supervisory committee and approved by the Dean of Graduate Programs on the recommendation of the supervisory committee.

4.3.4 Students registered in a thesis, project, practicum or comprehensive examination will have their progress evaluated through progress reports completed by their supervisor in consultation with the supervisory committee (if applicable) and the student, and submitted to the Dean of Graduate Programs. If the progress report indicates a second Needs Improvement or Unsatisfactory progress, the student's continuation is reviewed by their supervisory committee with the Graduate Program Chair. Recommendations are submitted to the Dean of Graduate Programs for final decision.

[The addition of the ‘Needs Improvement’ was added to the progress reports where it was either ‘Satisfactory’ or ‘Unsatisfactory’. If the supervisor feels that the student’s progress is not yet satisfactory and not unsatisfactory, but can be improved, the ‘Needs Improvement’ can be indicated. If, however, the student has been...
4.3.5 Conditions may be imposed by the Dean of Graduate Programs for continuation in the program. The conditions normally must be met within the next semester or the student will be required to withdraw.

\textbf{S-201204.20}  
\textbf{Changes to Regulation 4.5.1 (Final Oral Examinations and Examining Committees—General Regulations)}  
Casperson / Whitcombe  
That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the Graduate Programs and Admissions Regulations, Regulation 4.5.1 (Final Oral Examinations and Examining Committees—General Regulations), on page 41 of the 2011/2012 Graduate Academic Calendar, be approved as proposed.  
Effective date: May 2012  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by \textit{strikethrough}, new text indicated by \textit{underline}, and \textit{[commentary, where included, in Courier New font within square brackets]}):

\section*{4.5 Final Oral Examinations and Examining Committees}

\subsection*{4.5.1 General Regulations}

\begin{itemize}
  \item[a.] Master's degrees require a final oral examination.
  \item[b.] Degrees that have a final examination by project, comprehensive exam, major paper, etc., may be examined and certified in a manner agreed upon by the Program and the Dean of Graduate Programs, otherwise, the examination shall be as for theses.
  \item[c.] For all theses, students may proceed to an oral examination when the supervisory committee is satisfied that the thesis, project or other scholarly work represents an examinable document for the degree requirements. The supervisory committee and student confirms this by signing the Request for Oral Examination and Appointment of an External Examiner form. This form must be submitted to the Dean of Graduate Programs at least six weeks before the anticipated date of oral examination. Two copies of the document will be required by the Office of Research and Graduate Programs upon submission of the Request for Oral Examination and Appointment of an External Examiner form. One copy of the document will be forwarded to the External Examiner by the Office of Research and Graduate Programs.
  \item[d.] Before proceeding to the oral final examination, all courses taken for credit in Graduate Programs must be completed with a cumulative grade point average of not less than 3.00 (B) and with no grade in any course less than B- (or the higher standard set by the individual program). Any language requirement must be met before the student proceeds to the oral examination.
  \item[e.] The Dean of Graduate Programs (or designate) will acts as Chair at the final oral examination. Any tenured member of the faculty at the Associate Professor level or higher with extensive experience in Graduate Programs is eligible to serve as the Dean's nominee designate.
  \item[f.] Normally, the oral examinations are open to the University community. Copies of the thesis abstract shall be made available to all those attending the examination. The Dean of Graduate Programs or designate shall have the right to attend all phases of the examination. In rare circumstances where a public examination would be detrimental to the student or the sponsor of the research to have it made public, the author of the thesis, project or dissertation may request a closed oral examination. The request for a closed oral examination must be made in writing to the Dean of Graduate Programs for review and approval when the Request for Oral Examination is made.
\end{itemize}

[The proposed section formalizes that defences are normally open to the University community. However, in light of some restrictions on disclosure of defence material that may cause harm (i.e., patent application, contract obligations, etc.), a closed oral defence is allowed.]
Approval of Revisions to Document Entitled “External Reviews of Academic Units: A Reference Guide”
Dale / Murray
That, on the recommendation of the Senate Committee on Research and Graduate Studies, the revisions to the document entitled “External Reviews of Academic Units: A Reference Guide” be approved as proposed.
Effective date: Immediately upon approval by Senate
CARRIED.

“For Information” Items:

SCCRG201204.07
Changes to Course Title and Description — COMM 690-3
Casperson / Whitcombe
That the change(s) to the course title and description for COMM 690-3 be approved as proposed.
Effective date: September 2012
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and commentary, where included, in Courier New font within square brackets):

COMM 690-3 Northern Business Issues Canada’s Asia-Pacific Gateway  This intensive seminar course explores political, economic and managerial issues that are particularly important in northern and rural areas British Columbia as the business customer base shifts to Asia. Guest speakers, and individual and group research, complements course readings and lecture content.

8.3 Senate Committee on Scholarships and Bursaries Smalcel Pederson

“For Information” Items:

SCSB20120222.06
2011-2012 Annual Report
Casperson / Whitcombe
That the Annual SCSB report to Senate be approved.
Effective Date: February 2012
CARRIED (consent agenda).

SCSB20120328.03
New Terms and Conditions — J. Kent Sedgwick Memorial Bursary
Casperson / Whitcombe
That the new Terms and Conditions for the J. Kent Sedgwick Memorial Bursary be approved.
Effective Date: 2012-2013 Academic Year
CARRIED (consent agenda).

SCSB20120328.04
New Terms and Conditions — Din Family Award
Casperson / Whitcombe
That the new Terms and Conditions for the Din Family Award be approved.
Effective Date: 2012-2013 Academic Year
CARRIED (consent agenda).

SCSB20120328.06
New Terms and Conditions — Nemeth Family Scholarship
Casperson / Whitcombe
That the new Terms and Conditions for the Nemeth Family Scholarship be approved.
Effective Date: 2012-2013 Academic Year
CARRIED (consent agenda).
8.4 Steering Committee of Senate

“For Approval” Items:

S-201204.22
Revisions to Senate Handbook — Merger of Senate Committee on Academic Policy and Planning and Senate Committee on Research and Graduate Studies
That, on the recommendation of the Steering Committee of Senate, the Senate Handbook be revised to reflect the merger of two current Senate committees (Senate Committee on Academic Policy and Planning and Senate Committee on Research and Graduate Studies) into a new committee called the Senate Committee on Academic Affairs.
Effective Date: July 1, 2012

This motion was removed from the agenda.

8.5 Senate Committee on Nominations

S-201204.23
Membership Changes to Senate Committees (no material)
Annis / McDonald
That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate committees as indicated, be appointed as proposed.
Effective date: Immediately upon approval by Senate

Adjournment
Whitcombe / Kitchenham
That the Senate meeting be adjourned. CARRIED.

The meeting ended at 4:00 p.m.
President’s Report  
Senate meeting of April 26, 2012  
Prepared by Charlene Myers

Plans are proceeding with regard to the Wood Innovation and Design Centre. A Request for Qualifications has been disseminated, and the provincial government and architects are working with UNBC in relation to programming, specifically Engineering programs. The University has been firm on the specifications required for Engineering programming and Dr. Iwama remains positive that the Ministry will support the initiative. Dr. Iwama thanked Dr. Dale, Dean Ryan, Ms. Rennick, Dr. Larisch, and all who have participated for their contributions to this initiative. He hoped that, as a result of the design/build mode being used, the project would begin later this year.

The Research Universities’ Council of British Columbia (RUCBC) held a meeting at UNBC last week, which Dr. Iwama reported was productive. He expressed appreciation that the Presidents made the effort to come to Prince George, as the meetings are generally held in Vancouver. In September, the group will meet at Thompson Rivers University. The Presidents were very impressed with the sense of community within UNBC and UNBC’s connection to the community. Approximately 60 community members, representing a diversity of resource industries and government agencies, joined the group for lunch. Janine North, Chief Executive Officer with Northern Development Initiative Trust, spoke about the severe situation in the north, including the shortage of labour at all levels required to support the resource industry and the social pressures placed on towns infused with camp employees, for instance. At a later meeting of the Association of Universities and Colleges of Canada that Dr. Iwama attended at the University of Guelph, all five of the RUCBC member university Presidents thanked Dr. Iwama for UNBC’s hospitality for hosting the RUCBC meeting.

Dr. Iwama heartily congratulated two UNBC undergraduate students, Cameron Bell and Selena Demenoff, who were recently awarded two of ten inaugural 3M National Student Fellowships. He added that this was a great honour and gave credit and thanks for the teaching and support provided to these students.

THE ACADEMIC YEAR

SEPTEMBER TO AUGUST:

- 3 SEMESTERS (SEPTEMBER, JANUARY & MAY)
- 2 INTERSESSIONS (SPRING & SUMMER)
- 4 EXAM PERIODS (DECEMBER, APRIL, JUNE & AUGUST)
- 1 CONVOCATION
- ADD/DROP DATES
- WITHDRAWAL PERIODS
- ADMINISTRATIVE TASKS & EVENTS:
  - ACADEMIC STANDING, PREREQUISITE CHECKING, APPLICATION DEADLINES, DEGREE AUDITS, ORIENTATION, etc.
THE UNBC YEAR

• **12 Statutory Holidays – Some that rotate**
• **5 Day “Mid-Semester Break” (February)**
• **5 Day “Summer Break” (June)**
• **3 Day “Holiday Closure/President’s Discretionary Days”**
• **2 “Maintenance Shutdown” Days**
• **1 “Orientation Day” in September**
• **… and other Special Events/Days**
Deep In The Bowels of the Registrar’s Office
WHAT WE STRIVE FOR IN EACH SEMESTER

- **12 – 13 Weeks per Semester**
- **60 to 65 Instructional Days**
- **3 Days Between Classes & Exams**
- **10 – 14 Days for Exams**
- **At least 2 Full Days to Run Grade Processes at the End of the September Semester**
- **28 Days Between End of January Semester & Convocation Day**
Some things are just beyond our control

Rotating Statutory Holidays

- Remembrance Day
  - (What if there are 3 lost Mondays in the September semester?)

- Christmas/Holiday Break
  - (Where does it land each year because it affects the end of one semester & the beginning of the next)

- Easter Weekend
  - (Can affect instructional days or exam period)
REAL WORLD SCENARIOS

“THE GOOD”

2014 SEPTEMBER SEMESTER (65 INSTRUCTIONAL DAYS)

• FIRST DAY OF CLASSES: WEDNESDAY, SEPTEMBER 3
• 2 STATUTORY HOLIDAY MONDAYS
  • (REMEMBRANCE DAY IS A TUESDAY)
• LAST DAY OF CLASSES: THURSDAY, DECEMBER 4
• FIRST DAY OF EXAMS: MONDAY, DECEMBER 8
• LAST DAY OF EXAMS: FRIDAY, DECEMBER 19

(12 MONDAYS, 12 TUESDAYS, 14 WEDNESDAYS, 14 THURSDAYS, 13 FRIDAYS)
REAL WORLD SCENARIOS

"THE BAD"

2012 SEPTEMBER SEMESTER (62 INSTRUCTIONAL DAYS)

• **First Day of Classes:** Wednesday, September 5
• **3 Statutory Holiday Mondays**
  • *(Remembrance Day is a Sunday)*
• **Last Day of Classes:** Monday, December 3
• **First Day of Exams:** Wednesday, December 5
• **Last Day of Exams:** Saturday, December 15

(11 Mondays, 12 Tuesdays, 13 Wednesdays, 13 Thursdays, 13 Fridays)
REAL WORLD SCENARIOS

2012 SEPTEMBER SEMESTER

SFU:
• Instructional Days: 63
• Days Between Exams: 1
• M=11, T=13, W=13, TH=13, F=13

UBC:
• Instructional Days: 61
• Days Between Exams: 4
• M=10, T=12, W=13, TH=13, F=13

UVic:
• Instructional Days: 63
• Days Between Exams: 1
• M=11, T=12, W=13, TH=13, F=13
REAL WORLD SCENARIOS

“WHAT IF?”

2015 JANUARY SEMESTER (63 INSTRUCTIONAL DAYS)

• **FIRST DAY OF CLASSES: MONDAY, JANUARY 5**
• **2 WEEK MID-SEMESTER BREAK FOR CANADA GAMES?**
  • **FEBRUARY 16 - 27**
• **LAST DAY OF CLASSES: FRIDAY, APRIL 17**
• **FIRST DAY OF EXAMS: MONDAY, APRIL 20**
• **LAST DAY OF EXAMS: THURSDAY, APRIL 30**

(12 MONDAYS, 13 TUESDAYS, 13 WEDNESDAYS, 13 THURSDAYS, 12 FRIDAYS)
THE CHALLENGES

• **How do we achieve an adequate & even number of instructional days?**

• **How do we ensure sufficient time for exams?**

• **How do we generate enough preparation time between classes & exams for students & faculty?**

• **How do we save enough time for the submission of grades & processing of grades, academic standing, and convocation?**
SUGGESTIONS FOR THE FUTURE

- Come to agreement on what to do when we can’t have it all
- Decide what our priorities should be
- Compromise on what we give up to get something else
- Standardization of the process for the future
- Evaluate our end of semester processes
- Separate academic dates from administrative dates
  - Publish academic dates well into the future
  - Deal with our administrative dates annually
“If all of our national holidays were observed on Wednesdays, we could wind up with nine-day weekends!”

George Carlin

COMMENTS
Registrar’s Report to Senate
April 26, 2012

End of January Term: We’re once again at the end of a term and working through all of our processes. A reminder to please get your grades in so that we can run our academic standing rules and do all of the prep work for Convocation. With a couple of days before the deadline to submit grades, we’ve received right around 80%. Thank You!

September 2012/January 2013 Course Schedule: The course schedule is out and students are registering! I’d like to thank Dawn Stevens and Heidi Lawson for all of their hard work in redesigning the information that goes into the Infosilem Scheduler so that we can get better information out of it. We’ve worked on creating course combinations for all of our degree programs that have been integral in creating a more accessible (student friendly) schedule. Initial reports are that there are fewer course conflicts. Please keep us apprised of any feedback that you may receive so that we can investigate. Stay tuned this summer for more fine-tuning in the scheduling process.

2012-2013 Academic Calendars: The Academic Calendars have JUST arrived on campus and we will be distributing them in the near future. We have printed about 20% fewer undergraduate calendars and 25% fewer graduate calendars. I would like to see us continue this trend and emphasize web/electronic calendars. I would also like to see us shift the production date of the “official” (print) calendar to July to ensure that we capture all essential components for each academic year: fees, faculty promotion, requirements, contact information, etc.

NSC Exams: Feedback from the recent exam sessions that were held in the NSC is very positive. We have some bugs to work out, but nothing major. I would like to see us continue to use the facility and will be attending future College Councils to take in feedback from faculty. If we do decide to use the facility in the future, we will have to investigate funding for facility rental and additional equipment (tables and chairs).
