COVIDENCE'S DATA EXTRACTION 2 TOOL

Do you know everyone at UNBC has FREE access to the Covidence Systematic Review Software? Do you have questions about how to use their Data Extraction tool for your Scoping Review? Then please join us for our upcoming HRI webinar at 1pm PST on Thursday, 16th October, 2025.

This webinar is aimed at reviewers who want to understand more about the process of collecting information from included studies and exporting it for analysis.

We will walk you through the steps of:

- Creating, modifying, and publishing data extraction and/or quality assessment templates
- Managing reviewers
- Extracting data from studies
- Producing consensus data so that the final data are ready for export
- Export options

You'll also get tips and tricks to jumpstart your progress, as well as the opportunity to get your specific questions answered.

Registration for this event is managed externally. Please be sure to register using the QR code if you would like to join.
