

NMP through the years

2003 - Construction starts at UNBC on the Dr. Donald Rix Northern Health Sciences Centre, the new building that will house the NMP.

2005 - Students in NMP's inaugural class arrive at UNBC in January.

2008— The first NMP class graduates.

2012 - The BC Cancer Centre for the North opens, helping to provide expanded learning experiences for NMP students. Dr. Rob Olson, NMP Associate Professor (and now our Research Lead), was the first physician hired to the new centre.

2014

2015

2018

2014
A new student learning experience debuts at the NMP – extracurricular weekend shadowing visits to Mackenzie, Valemount and Vanderhoof (Williams Lake and Smithers have now also been added).

2015
The Learning and Development Centre opens at the University Hospital of Northern BC, expanding NMP teaching space and videoconferencing opportunities.

2018
A new orientation visit to Vanderhoof and the Stellaten Health Centre is initiated for incoming Year 1 students
