

**Public Presentation – Terrace Campus  
February 12, 2020 – 12:00 pm – 1:00 pm**

This session will also be available via livestream: <https://www.unbc.ca/northwest/livestream>

## **“THE ECOLOGICAL DIVERSITY OF PINES: A RESEARCH TRAVELOGUE”**

Recent research and teaching experience provides impressive evidence of adaptive radiation in this widespread tree genus. Drawing on examples from BC to Nevada and from New Zealand to Spain, we will explore the many faces and ecological roles of pine trees.

### **Presenter:**

Phil Burton, Ph.D., R.P.Bio  
Professor, Ecosystem Science and Management  
UNBC Terrace Campus
