New Research Showcase Series from the Office of Research and Innovation

UNBC's Research Week has been restructured into the Office of Research and Innovation's new Research Showcase Series!

Instead of a single week-long event, this new series will feature events throughout the year to highlight research activities more often and maintain the enthusiasm around the exciting work underway at UNBC.

This change is being made in an effort to find more effective ways to engage the UNBC research community, in alignment with UNBC's new Strategic Plan, which aims to *inspire creativity* and *ignite curiosity* for research.

For more information, please see our webpage [here](#).

Reminder: all grant and contract applications **must** be received by the Office of Research and Innovation via ROMEO a minimum of 5 business days in advance of the agency deadline. Please allow enough time for Chair and Dean approval prior to the internal deadline.
