

WE INVITE APPLICATIONS FOR SEASONAL AND FULL TIME STAFF TEACHING, COUNSELLING AND OUTDOOR EDUCATOR POSITIONS

The Boundless School helps teens accomplish extraordinary feats of learning by blending adventure, high school curriculum, counselling and leadership development. Based on our 600 acre "classroom" in the Madawaska Highlands of Eastern Ontario, teaching at Boundless can be a challenging gig. Once described as working in a M.A.S.H. unit, we strive to create an educational utopia for kids who don't fit elsewhere. Navigating this M.A.S.H./UTOPIA contradiction is the beauty of Boundless.

Our students are regarded as struggling. They stay with us anywhere from 5-200 days in a year round capacity.

We work hard. We emphasize connecting with students above all else, and this often needs courage.

The spring/summer program is mostly outdoor adventure based. We are river people, and we climb, hike or go to remote wilderness. Summer contracts, it is hoped, will pave the way for full time employment.

In the fall and winter, we are a boarding school helping students not engaged by mainstream education develop new relationships with achievement and learning.

WHO WE HIRE

Newly graduated teachers and outdoor educators are a good fit for Boundless. Those students mid-stream in their program may also apply for a spring/summer paid Internship.

We value applicants who present a history of working with older teenagers, experience facilitating groups, and some professional track record in the outdoors. One of the above is sufficient to apply, two is much better, and three is best, although quite rare.

We require a full Class G or equivalent driver's license. Being a strong swimmer is important.

Once staff are finished their four month paid Internship, full time jobs are available.

APPLICATION INSTRUCTIONS

Please visit our website www.theboundlesschool.com , complete the online application, and email this, along with a few photos, to steven@theboundlesschool.com

There is a soft application deadline of January 31st, and if a few spots are still available, this can extend to the end of February or March.
