Elective	<u>ORTM 400</u>

^B=courses offered both semesters

*=course offered in the opposite semester

±=course offered on a variable schedule

**=course offered in alternating years

NOTE 1: ORTM 333 is always a spring/summer semester offering, which should be taken in the summer between 2nd and 3rd year, or between 3rd and 4th year.

NOTE 2: Two courses from this list must fit into elective spaces: ORTM 307**, ORTM 401**, ORTM 405**, ORTM 440, ORTM 499, ORTM 409**, ORTM 498±.

NOTE 3: To allow for easier reading – Core requirements for the BSc are in red print and underlined, while specialization requirements are in blue print and italicized. ORTM 333 and courses mentioned in Note 2 are also core requirements.

DISCLAIMER: This course progression sheet may not be entirely accurate. It has been created with the best of intentions and with the best information available at the time. However, ORTM cannot control courses in other programs and thus those may change semesters, and offering cycles without our knowledge.
