

Manning Park Resort, we are a year round resort with located between Hope and Princeton, BC. If you are ready to leave the hustle and bustle of city life, and enjoy outdoor fun and adventure this is a great place to work.

We have staff accommodations they are co-ed houses that are shared with 5 to 10 other staff members. You would get your own room but share all common areas (kitchen, bath and living room) it is up each member of the house to help keep the house clean. Staff members are responsible for their own food, bedding and toiletries. We are 45min to the closest town so if you have your own vehicle that is an asset, mind you staff normally get together and car pool every couple of weeks to get groceries (if you are hired, I always suggest you bring about 2wks of food, until you know what your schedule is) We have a small country store but it carries limited groceries and supplies. There is 2 fridges in each house but remember they are shared with up to 10 people. Up here is the life style that our staff after. If it is city life you love this is not the place but if you love the outdoors and all it has to offer here is definitely the place to be. We offer some perks like free canoe or kayak rentals (as long as there is no high guest demand) Winter we offer a free seasons pass and ski or snowboard rentals. We have no cell service and limited internet. Staff housing is \$125.00 bi weekly (every two weeks) and that is deducted from your pay. As well there is a \$225.00 uniform and damage deposit that is also deducted from your pay (but is returned at the end of your employ here as long as everything is returned and left in good order.) Internet is \$25.00 for 5g or up to a month. It's a great place to work, we are like family here, and a lot of staff come for one season and stay for many more.

Our winter season starts in December and goes till April and our summer season starts late May and goes till October there are some positions that are year round

Our summer, winter and year round positions are other than Parks jobs consist of Housekeepers, Front desk agents, Cooks, servers, cashiers, janitorial and maintenance.

Winter time the campsites are closed but we have the following winter positions: lift operations, groomers, snow removal, rental shop technicians, *snowboard /ski instructors,* ski patrol, *Nordic center staff, *daycare and ticket office. The * positions require certification.
